Each bid must be accompanied by (1) cash; or (2) a Cashier's Check or a Certified Check of the Bidder made payable to the Town of Vienna; or (3) a bidder's bond on the Bid Bond Form provided herein or on a similar form which in every respect materially complies with said Bid Bond form. The amount of this bid security will be 2½% of the bid amount for bids of \$100,000 or less, and 5% of the bid amount for bids greater than \$100,000. For purposes of this provision, the amount of the bid shall be the Base Bid plus all positive amount alternates. The bidder's bond shall be issued by a surety company licensed to conduct business in Virginia and acceptable to the Town.
- B. Said bid security is given as a guarantee that the Bidder will enter into a contract if awarded the Work and, in the case of refusal or failure to so enter into said contract, the security shall be declared forfeited to the Town. Such security shall be returned to all but the three lowest Bidders within three days after the opening of bids and the remaining security will be returned within 48 hours after the Town and the successful Bidder have executed the Contract. If no Contract has been awarded or the Bidder has not been notified of the acceptance of his bid, within forty-five (45) days of the bid opening, the Bidder may withdraw his bid and request the

return of his bid security. If, at the Town's request, the Bidder agrees to extend and maintain his bid beyond the specified 45 days, his bid security will not be returned.

The Successful Bidder, upon his failure or refusal to execute the Contract within fifteen (15) days after he has received notice of the acceptance of his bid, shall forfeit to the Town the security deposited with his bid, as liquidated damages for such failure or refusal.

A-8. SITE CONDITIONS AND CONDITIONS OF WORK

- A. Each Bidder must acquaint himself thoroughly as to the character and nature of the Work to be done. Each Bidder furthermore must make a careful examination of the site of the Work and inform himself fully as to the difficulties to be encountered in the performance of the Work, the facilities for delivering, storing and placing materials and equipment, and other conditions relating to construction and labor.
- B. Except where subsurface and/or latent conditions at the site are determined in accordance with paragraph 11.9 of the General Conditions to be materially different than those shown on the drawings or indicated in the contract documents, the Successful Bidder, assumes all risk as to the nature and behavior of the soil or subsurface conditions which underlie the Work or is adjacent thereto, or difficulties that may be due to any unfavorable conditions that may be encountered in the Work, whether apparent on surface inspection or disclosed after construction begins.
- C. No plea of ignorance of conditions that exist prior to submission of bids, or may hereafter exist on the site of the Work subsequent to the Notice to Proceed, or difficulties that may be encountered in the execution of the Work, as a result of failure to make necessary investigations and examinations, will be accepted as an excuse for any failure or omission on the part of the successful Bidder to fulfill in every detail all the requirements of the Contract Documents and to complete the Work for the consideration set forth therein, or as a basis for any claim whatsoever.
- D. Insofar as possible, the Successful Bidder, in carrying out his Work, must employ such methods or means as will not cause interruption of or interference with the Work of the Town or any separate contractor.

A-9. BIDDER'S QUESTIONS, ADDENDA AND INTERPRETATIONS

- A. Bidders and Sub-bidders shall promptly notify the Town of any ambiguity, inconsistency or error which they may discover upon examination of the Bidding and Contract Documents or of the site and local conditions. No interpretation of the meaning of the drawings, specifications or other contract documents will be made to any Bidder orally.
- B. Every request for such interpretation should be in writing addressed to the Purchasing Agent, Vienna, Virginia, and to be given consideration must be received at least seven (7) days prior to the date fixed for the opening of the bids.

- C. Any and all such interpretations and any supplemental instructions will be in the form of written addenda to the Bidding Documents which, if issued, will be mailed to all prospective Bidders (at the respective addresses furnished for such purposes) not later than three (3) calendar days prior to the date fixed for the opening of bids. The Town will not be responsible for any other explanations or interpretations of the proposed documents. Failure of any Bidder to receive any such addendum or interpretation shall not relieve any Bidder from any obligation under his bid as submitted. All addenda so issued shall become part of the Contract Documents.
- D. If the Bidder (or any person bidding to Bidder and/or subsequently in contract with the Bidder, relating to the subject project) knows, or should have known, that an ambiguity, discrepancy, error, omission or conflicting statement exists in the Bidding or Contract Documents, said Bidder (or sub-bidder) has an obligation to seek a clarification thereof from the Town prior to bid. The Town will welcome such a clarification request, and, if deemed necessary by the Town, the Town will issue a written addendum clarifying the matter in question. Should the Bidder fail to seek such a clarification prior to bid, Bidder thereby assumes the risk of loss related to such ambiguity, discrepancy, error, omission or conflicting statement which the Bidder (and any person bidding to Bidder and/or subsequently in contract with Bidder, relating to the subject project) knew or should have known existed at the time of bid.
- E. Each Bidder shall ascertain prior to submitting his bid that he has received all Addenda issued, and he shall acknowledge receipt and inclusion in his proposal of all Addenda.

However, conditional or qualified bids with such exceptions, unless specifically allowed in the solicitation, are subject to rejection in whole or in part as non-responsive.

A-23. CONSTRUCTION SAFETY

A. It shall be required that each bid submitted to the Town for a contract for construction, alteration, and/or repairs, including painting or decorating of a building, highway, street, bridge, sidewalk, culvert, sewer, excavation, grading, or any other construction, include a list of all the following actions which have become final in the three years prior to the bid submission:

Prior to bidding on a project, under the provisions of paragraph B, above, a Contractor may request that a determination be made by the Town, regarding its eligibility to submit a bid on a contract under the terms of this resolution. However, this request for determination and any subsequent adjudication process must be completed prior to submitting a bid on any project and the request for determination must be received no later than twenty-one (21) days before bids are due unless otherwise stated in the Advertisement for Bid.
- D. The criteria used by the Town in reviewing the corrective action taken by a bidder or Contractor to prevent the recurrence of safety violations shall include but not be limited to the following:
- Does the firm have an established safety program? If so, how long has it been in existence?
 - Does the firm incorporate safety and health related issues into their new employee orientation programs?
 - Does the firm include work safety as a part of an employee's performance evaluation?
 - To what degree does senior/corporate management support safety related matters? Does the firm have a safety policy statement signed by a member of senior/corporate management?

 - Is the firm an active member of a recognized construction safety organization in the Washington Metropolitan area, or in the state of contractor's domicile?
 - What is the firm's Workers Compensation Experience Modification Factor? Are there any evident trends?

The determination rendered by the Town shall be final unless it is appealed in accordance with the provisions of the solicitation.

- E. It shall be a condition of each Town construction contract, as discussed above, that no Contractor or Subcontractor contracting for any part of the contract Work shall require any laborer, mechanic, or other person employed in the performance of the contract to work in

surroundings or under working conditions which are hazardous or unnecessarily dangerous to his safety as determined under construction safety standards promulgated by the U.S. Department of Labor or the Virginia Department of Labor and Industry.

- F. No contractor awarded a Town construction contract shall knowingly employ or contract with any person, company, or corporation for services pursuant to that contract if such person, company or corporation could not have been awarded such contract due to the restrictions in paragraph B, above.

A-24. AWARD OF CONTRACT

The Town will make an award on a lump sum basis to the lowest responsive and responsible Bidder. Due consideration will be given to price, quality as judged by tests and previous experience, and the ability of the Bidder to render required services. The Town reserves the right to conduct any test it may deem advisable and to make all evaluations. The Town also reserves the right to reject any or all bids, in whole or in part, to waive informalities and to delete items prior to making the award, whenever it is deemed in the sole opinion of the Town to be in its best interest.

- A. The Purchasing Agent or her designee, shall have the authority to waive informalities in bids, reject all bids, parts of all bids, or all bids for any one or more goods or services included in a solicitation when in her judgment the public interest may be served thereby. If separate bids are received for the same total amount or unit price (including authorized discounts and delivery times) and if the public interest will not permit the delay of re-advertisement for bids, the Purchasing Agent or her designee, is authorized to award that is deemed to be in the best interest of the Town of Vienna.
- B. The Lowest Bidder is determined by the aggregate amount of the prices set forth in the Form of Bid, plus any Alternates selected by the Town in its sole discretion.
- C. A Responsive Bidder shall mean a Bidder who has submitted a Bid which conforms, in all material respects, to the Bidding Documents.
- D. A Responsible Bidder shall mean a Bidder who has the capability, in all respects, to perform fully the Contract requirements and the moral, ethical and business integrity and reliability which will assure good faith performance. In determining responsibility, the following criteria will be considered:
 - 1. The ability, capacity and skill of the Bidder to perform the contract or provide the service required;
 - 2. Whether the Bidder can perform the contract or provide the service promptly, or within the time specified, without delay or interference;
 - 3. The character, integrity, reputation, judgment, experience and efficiency of the Bidder;
 - 4. The quality of performance during previous contracts or services. For example the following information will be considered:
 - a. The administrative and consultant cost overruns incurred by Towns on previous contracts with Bidder,
 - b. The Bidder's compliance record with Contract General Conditions on other projects,
 - c. The submittal by the Bidder of excessive and/or unsubstantiated extra cost proposals and claims on other projects,
 - d. The Bidder's record for completion of the Work within the Contract Time or within Contract Milestones and Bidder's compliance with scheduling and coordination requirements on other projects,

- e. The Bidder's demonstrated cooperation with the Town, A/E and other contractors on previous contracts,
 - f. Whether the work performed and materials provided on previous contracts was in accordance with the Contract Documents;
5. The previous and existing compliance by the Bidder with laws and ordinances relating to contracts or services;
 6. The sufficiency of the financial resources and ability of the Bidder to perform the contract or provide the service;
 7. The quality, availability and adaptability of the goods or services to the particular use required;
 8. The ability of the Bidder to provide future maintenance and service for the warranty period of the contract;
 9. Whether the Bidder is in arrears to the Town on debt or contract or is a defaulter on surety to the Town or whether the Bidder's taxes or assessments are delinquent;
 10. Such other information as may be secured by the Project Manager or his designee, having a bearing on the decision to award the contract, to include, but not limited to:
 - a. The ability, experience and commitment of the Bidder to properly and reasonably plan, schedule, coordinate and execute the Work,
 - b. Whether the Bidder has ever been debarred from bidding or found ineligible for bidding on any other projects.
- E. The purpose of the above is to enable the Town of Vienna, in its opinion, to select the bid which is in the best interests of the Town. The ability of the low Bidder to provide the required bonds will not of itself demonstrate responsibility of the Bidder.
 - F. The Town reserves the right to require from the Bidder: (1) submissions of references, within seven (7) days of bid opening, to include a listing of previous and current projects and (2) financial statements indicating current financial status, prepared in accordance with generally accepted accounting principles, by a CPA licensed to do business in Virginia.
 - G. The Town reserves the right to defer award of this contract for a period of sixty (60) days after the due date of bids. During this period of time, the Bidder shall guarantee the prices quoted in his bid.

A-25. APPEAL OF DETERMINATION OF NONRESPONSIBILITY

- A. Any Bidder who, despite being the apparent low bidder, is determined not to be a responsible Bidder for a particular Town contract shall be notified in writing by the Purchasing Agent. Such notice shall state the basis for the determination, which shall be final unless the Bidder institutes legal court action within ten (10) days of receipt of the notice.
- B. If it is determined by the Courts that the decision of the Purchasing Agent, was arbitrary or capricious, or otherwise in error and the award for the particular Town contract in question has not been made, the sole relief available to the Bidder shall be a finding that the Bidder is a responsive or responsible Bidder for the Town contract in question. Where the award has been made and performance has begun, the Town may declare the contract void upon a finding that this action is in its' best interest. Where a contract is declared void, the performing contractor shall be compensated for the cost of performance up to the time of such declaration. In no event shall the performing contractor be entitled to lost profits.

A-26. PROTEST OF AWARD OR DECISION TO AWARD

- A. Any Bidder or offeror may protest the award or decision to award a contract by submitting a protest in writing to the Purchasing Agent or his designee, or other official designated by the Town of Vienna, no later than ten (10) days after the award or the announcement of the decision to award, whichever occurs first; provided, however, that no protest shall lie for a claim that the selected Bidder or offeror is not a responsible Bidder or offeror. The written protest shall include the basis for the protest and the relief sought. The Purchasing Agent, shall issue a decision in writing within ten (10) days of the receipt of the protest stating the reasons for the action taken. This decision shall be final unless the Bidder or offeror institutes legal court action in the Town of Vienna within ten (10) days of receipt of the written decision.
- B. If prior to award it is determined that the decision to award is arbitrary or capricious, then the sole relief shall be a finding to that effect. The Purchasing Agent or her designee, shall cancel the proposed award or revise it to comply with the law. If, after an award, it is determined that an award of a contract was arbitrary or capricious, then the sole relief shall be as hereinafter provided. Where the award has been made but performance has not begun, the performance of the contract may be declared void by the Town. Where the award has been made and performance has begun, the Purchasing Agent or her designee may declare the contract void upon a finding that this action is in the best interest of the Town. Where a contract is declared void, the performing contractor shall be compensated for the cost of performance at the rate specified in the contract up to the time of such declaration. In no event shall the performing contractor be entitled to lost profits.
- C. Pending final determination of a protest, the validity of a contract awarded and accepted in good faith in accordance with this article shall not be affected by the fact that a protest or appeal has been filed.
- D. An award need not be delayed for the period allowed a Bidder or offeror to protest, but in the event of a timely protest, no further action to award the contract will be taken unless there is a written determination that proceeding without delay is necessary to protect the public interest or unless the bid or offer would expire.

A-27. NEGOTIATION WITH LOWEST RESPONSIBLE BIDDER

- A. The Town reserves the right to negotiate any bid which exceeds the funds available to perform the Work as follows:

If, upon review of the lowest responsible bid, it is determined, in writing, by the Project Manager or his designee that sufficient funds are not currently budgeted in the project to award this contract and it is in the Town's best interest to proceed with the construction of the project without delay, the Project Manager or his designee may review the plans and contract documents to determine, in writing, possible areas of modification or reduction which can be made without significantly affecting the scope of the project. Upon determination that such areas may exist, the Project Manager or his designee shall notify the lowest responsive and responsible bidder of the Town's decision to exercise its option under this provision and request an interview with the contractor or his designee. If a satisfactory bid price is obtained, the Town shall then enter into a contract as modified during the negotiation session(s).
- B. If a satisfactory price cannot be agreed to, then negotiations shall be terminated, all bids rejected and, if the requirement is still valid, the project shall be re-advertised.

A-28. SUBCONTRACTING

If one or more subcontractors are required, the Contractor is encouraged to utilize small, minority-owned, and women-owned business enterprises. Upon contract award, the prime contractor agrees to make maximum effort to provide the names and addresses of each subcontractor, that subcontractor's status as defined by the Town of Vienna as a small, minority-owned and/or woman-owned business, and the type and dollar value of the subcontracted goods/services provided.

A-29. INTEREST IN MORE THAN ONE BID AND COLLUSION

Multiple bids received in response to a single solicitation from an individual, firm, partnership, corporation, affiliate, or association under the same or different names will be rejected. Reasonable grounds for believing that a bidder is interested in more than one bid for a solicitation both as a bidder and as a subcontractor for another bidder, will result in rejection of all bids in which the bidder is interested. However, a firm acting only as a subcontractor may be included as a subcontractor for two or more bidders submitting a bid for the work. Any or all bids may be rejected if reasonable grounds exist for believing that collusion exists among any bidders. Bidders rejected under the above provisions shall be disqualified if they respond to a re-solicitation for the same work.

A-30. EXPENSES INCURRED IN PREPARING PROPOSAL

The Town accepts no responsibility for any expense incurred by the bidder in the preparation and presentation of a bid, such expenses to be borne exclusively by the bidder.

A-31. NONAPPROPRIATION

All funds for payments by the Town under this Contract are subject to the availability of an annual appropriation for this purpose by the Town Council. In the event of non-appropriation of funds by the Town Council for the goods or services provided under this Contract or substitutes for such goods or services which are as advanced or more advanced in their technology, the Town will terminate the Contract, without termination charge or other liability to the Town, on the last day of the then current fiscal year or when the appropriation made for the then current year for the services covered by this Contract is spent, whichever event occurs first. If funds are not appropriated at any time for the continuation of this Contract, cancellation will be accepted by the Contractor on thirty (30) days prior written notice, but failure to give such notice shall be of no effect and the Town shall not be obligated under this Contract beyond the date of termination.

A-34. MODIFICATION OF CONTRACT:

The Town may, upon mutual agreement with the contractor, issue written modifications to the scope of work of this contract, and within the general scope thereof, except that no modifications can be made which will result in an increase of the original contract price by a cumulative amount of more

than \$50,000.00 or 25% whichever is greater, without the advance written approval of the Mayor and Council. (Section 2.2-4309 of Virginia Public Procurement Act).

Should it become necessary for the best interest of the Town to make modifications, the same shall be covered by change order. The Contractor shall not begin work on any alteration requiring a change order until the written agreement, setting forth the changes/modifications, has been executed by the Town and the Contractor.

If a satisfactory agreement cannot be mutually agreed to for any item requiring a change order, the Town reserves the right to terminate the contract as it applies to the items in question and make such arrangements as may be deemed necessary to complete the work.

The Town may, in writing, omit from the work any item, other than major items, found unnecessary to the project and such omission shall not be a waiver of any condition of the contract nor invalidate any of the provisions thereof. Major items may be omitted by change order.

The Contractor shall be paid for all work done toward the completion of the item prior to such cancellation, alteration or suspension of the work by the Town.

A major item shall be construed to be any item, the total cost of which is equal to or greater than ten percent (10%) of the total; contract amount for each separate alternate, computed on the basis of the proposed quantity and the contract unit price.

A-35. INSURANCE

The Contractor shall provide the Purchasing Agent with a Certificate of Insurance PRIOR to the start of any work under the contract and agrees to maintain such insurance until the completion of the contract. The minimum limits of liability shall be:

My signature on this solicitation constitutes certification that, if I am awarded the contract, I shall obtain the required coverage as specified herein within ten (10) days of notification of award.

A-36. HOLD HARMLESS CLAUSE

Bids shall provide for the contractor holding harmless the Town of Vienna and representatives thereof from all suits, actions, or claims of any kind brought on account of any injuries or damages sustained by any person or property in consequence of any neglect in safeguarding contract work, or on account of

any act or omission by the contractor or its employees, or from any claim or amounts arising or recovered under any law, bylaw, ordinance, regulation or decree.

A-37. LAWS AND REGULATIONS

The Contractor shall give all notices and comply with all laws, ordinances, rules, regulations and lawful orders of any public authority bearing on the performance of the work.

SECTION B MANDATORY TERMS, CONDITIONS AND SPECIFICATIONS

Mandatory Pre-Bid Meeting

A mandatory pre-bid meeting will be held on site at the Vienna Community Center, 120 Cherry Street SE, Vienna, VA, in the Auditorium at **10:00 a.m. on Wednesday, July 8, 2015**. All prospective bidders are required to attend. **PLEASE REVIEW THE SCOPE OF WORK, SPECIFICATIONS, AND DRAWINGS IN ADVANCE OF THE MEETING.**

I. PURPOSE

The purpose of this Invitation for Bid is to establish a contract for the renovation and expansion of the Vienna Community Center located at 120 Cherry Street, SE, Vienna Virginia. The property consists of several Town parcels all zoned PR & TH. Work consists of the relocation of the Washington & Old Dominion Trail, renovation of existing 28,000 square foot facility, and the addition of an 8,000 square foot gymnasium, front lobby and reception area, a connecting hallway, and additional restrooms. In addition, significant site work is required to include connecting parking lots, additional parking, storm water management and landscaping. This is a LEED Silver project with a third party commissioning agent who will review all mechanical specifications, equipment and installation. The contractor will be required to coordinate all LEED requirements with the lead architect, the Lukmire Partnership, Inc.

II. SCOPE AND SPECIFICATIONS

This project requires specific sequencing from which there can be no deviation. Specifically, the first part of the project must be the construction of the newly aligned Washington and Old Dominion Trail. **This will require coordination between the Town and NOVAParks, the owner of the trail. While the new trail is being constructed, the existing trail must remain in place and operational in a safe manner (see plans). At no time can the trail be closed.** Once the new trail is completed and operational, the existing trail can then be demolished.

The contractor acknowledges that this project is funded in part with municipal bonds and private donations. In the event the Town is unable to issue bonds or does not receive private donations sufficient to complete the project, the Town, in its sole discretion, may cancel this project and contract by giving thirty (30) days written notice to the Contractor. Contractor hereby waives any claim to lost profits and the Town in the event of such cancellation.

This project is scheduled to be completed in fifteen (15) months, or by January 2017. In addition, approximately 60% of the capital funding will not be available until March of 2016. Therefore, the project will have to be sequenced so that the current available capital funds (40% of the estimate cost) are used between September 2015 and February 2016 until the additional 60% of the capital funds are available in March 2016. (see plans)

The Contractor shall carry out the Work in accordance with the additional detail drawings and instructions.
- 1.2.6 The drawings and specifications are divided into sections for convenience and clarity only. The Contractor shall not construe this as a division of the Work into various subcontractor units. The Contractor may subcontract the Work in such divisions as he sees fit, but he is ultimately responsible for providing all Work shown on the drawings and in the specifications.
- 1.2.7 The provisions of this Contract cannot be amended, modified, varied or waived in any respect except by a Modification. The Contractor is hereby given notice that no person has authority to orally waive, or to release the Contractor from any of the Contractor's duties or obligations under or arising out of this Contract. Any waiver, approval or consent granted by Modification to the Contractor shall be limited to those matters specifically and expressly stated thereby to be waived, approved or consented to and shall not relieve the Contractor of the obligation to obtain any future waiver, approval or consent.

1.3 OWNERSHIP AND USE OF DOCUMENTS

- 1.3.1 All Drawings, Specifications, and memoranda relating to the Work are the property of the Owner and are to be used only for the Project.

Such department, firm or individual and its representatives shall act severally within the scope of particular duties entrusted to them, unless otherwise provided for in the Contract Documents.
- 2.1.2 The A/E is identified in the Owner-Contractor Agreement and is referred to throughout the Contract Documents as if singular in number and masculine in gender. The A/E is further described as one of the following:
 - 2.1.2.1 ARCHITECT, a person or other legal entity lawfully licensed to practice architecture in Virginia.
 - 2.1.2.2 ENGINEER, a person or other legal entity lawfully licensed to practice engineering in Virginia.
 - 2.1.2.3 The Project Manager, Town of Vienna, Virginia, or his designee.

2.2 **ADMINISTRATION OF THE CONTRACT**

- 2.2.1 The A/E will provide services as hereinafter generally described.
- 2.2.2 The A/E will be an Owner’s representative during construction and until the end of the one year guarantee period. The A/E will advise and consult with the Owner. The Owner’s instructions to the Contractor may be forwarded through the A/E. The A/E will have authority to act on behalf of the Owner only to the extent provided in the Contract Documents, unless otherwise changed by Modification.
- 2.2.3 The A/E will visit the site at intervals appropriate to the stage of construction to familiarize himself generally with the progress and quality of the Work and to determine in general if the Work is proceeding in accordance with the Contract Documents. However, the A/E will not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. On the basis of his on-site observations as an Architect or Engineer, the A/E will keep the Owner informed of the progress of the Work, and will endeavor to guard the Owner against defects and deficiencies in the Work of the Contractor.
- 2.2.4 The A/E will not be responsible for and will not have control or charge of construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work. The A/E will not be responsible for the Contractor’s failure to carry out the Work in accordance with the Contract Documents. The A/E will not be responsible for or have control over the acts or omissions of the Contractor, Subcontractors, or any of their agents or employees, or any other persons performing any of the Work.
- 2.2.5 The A/E will immediately inform the Owner and Contractor whenever in the opinion of the A/E any of the Work is proceeding contrary to the requirements of the Contract Documents and will be unacceptable. Failure of the Contractor to take corrective action to make the Work conform to the Contract Documents

will subject the Contractor to any and all remedies available to the Owner, including, without limitation, termination pursuant to Article 13 hereof. Such notification by the A/E will not be a cause for the Contractor to claim either delay of the Work or any increase in the Contract Sum.

- 2.2.6 The A/E, the Owner and other governmental representatives, shall at all time, have access to the Work wherever it is in preparation and progress. The Contractor shall provide facilities for such access such that the A/E, the Owner and other governmental representatives may perform their functions under the Contract Documents in a safe and reasonable manner.
- 2.2.7 Where applicable, based on the A/E's observations and an evaluation of the Contractor's Applications for Payment, the A/E will recommend the amounts owing to the Contractor and will issue Certificates for Payment in such amounts, as provided in Article 9.
- 2.2.8 The A/E will be an interpreter of the requirements of the Contract Documents. The A/E will render interpretations necessary for the proper execution and progress of the Work, with reasonable promptness and in accordance with any time limit agreed upon with the Owner. Either party to the Contract may make written request to the A/E for such interpretations. All interpretations of the A/E shall be consistent with the intent of and reasonably inferable from the Contract Documents and will be in writing and/or in the form of drawings.
- 2.2.9 The A/E will have authority to reject Work which does not conform to the Contract Documents. Whenever, in his opinion, he considers it necessary or advisable for the implementation of the intent of the Contract Documents, the A/E will have authority to require special inspection or testing of the Work in accordance with Subparagraph 7.7.2 whether or not such Work be then fabricated, installed or completed.
- 2.2.10 The A/E will review and approve or take other appropriate action upon Contractor's submittals such as Shop Drawings, Product Data, Samples and Manuals, but only for conformance with the design concept of the Work and with the information given in the Contract Documents. Such action shall be taken with reasonable promptness so as to cause no delay in the Work. The A/E approval of a specific item shall not indicate approval of an assembly of which the item is a component.
- 2.2.11 The A/E's acceptance of materials or products on behalf of the Owner shall not bar future rejection of such items if they are subsequently found to be defective or inferior in quality, compatibility or uniformity to the materials or products specified by the Contract Documents, or if such items are not as represented by the Contractor.
- 2.2.12 The A/E has authority to prepare Change Orders authorized by the owner and will have authority to order minor changes in the Work as provided in Article 11.
- 2.2.13 Inspections will be conducted by the A/E to assist the Owner in determining the dates of Substantial Completion and Final Completion as required. The A/E will receive and forward to the Owner for review, written warranties and related documents required by the Contract and assembled by the Contractor, and will recommend final Certificate for Payment upon compliance with the requirements of Article 9.
- 2.2.14 All claims, disputes, or other matters or questions between the Contractor and Owner arising out of or relating to the A/E's interpretation of the Contract Documents or any other decisions, communications, or actions of the A/E arising out of or relating to the performance of the Work shall be resolved as set forth in Article 7. Prior to submitting any claim to the Director of Parks and Recreation regarding an interpretation of the A/E, the matter shall first be submitted to the Project Engineer who shall review the matter and render a written interpretation, evaluation or decision, as appropriate, within 30 days of his receipt of the claim, dispute or other matter. If the Project Engineer agrees with the Contractor, the matter shall be resolved in accordance with their agreement. If the Project Engineer disagrees with the Contractor, the Contractor may then present the matter to the Director of Parks and Recreation as set forth in Article 7.
- 2.2.15 In case of the termination of the employment of the A/E, the Owner shall appoint a new A/E, who shall have the same status under the Contract Documents as the former A/E.

ARTICLE 3

3.1 **DEFINITIONS**

3.1.1 **OWNER**

The Owner is the Town of Vienna, Virginia and is referred to throughout the Contract Documents as if singular in number and masculine in gender. The term Owner means the Owner or its authorized representative. The Project Manager is the authorized representative of the Town of Vienna for this contract.

3.1.1.1 The term "Owner" or "Owner's representative" specifically excludes any and all inspectors having building code, Town ordinance responsibilities or jurisdiction under the requirements of the Building Permit.

3.1.2 **PROJECT MANAGER**

The Town of Vienna will designate a single Owner's representative designated with the title of Project Manager, who will have the power to act, within the scope of his delegated authority, for and on behalf of the Owner, in accordance with the terms of the Contract.

3.2 **INFORMATION POSSESSED BY OWNER**

3.2.1 The Owner will make available for the Contractor's reasonable review, at the Owner's offices or together with the Contract Documents, certain boring logs, geotechnical, soils and other reports, surveys and analyses pertaining to the Contract site of which the Owner is aware and has in its possession. Any boring logs that are provided to the Contractor, are only intended to reflect conditions at the precise locations of the borings and do not necessarily reflect site conditions at other nearby locations. The Owner does not provide any warrants as to the accuracy of the boring logs. Reports, surveys and analyses provided by the Owner are for the Contractor's information only, and their accuracy and completeness are not guaranteed or warranted by the Owner or the A/E, and such reports are not adopted by reference into, nor are they part of the Contract Documents.

3.2.1.1 Notwithstanding any factual statement, conclusion, or any language or recommendations contained in such reports, the Contractor assumes full responsibility for inspection of the site and for the means and methods of construction that he employs when performing the Work. The Owner shall not be liable for any additional Work or costs arising as a result of any conclusions reached or assumptions derived by the Contractor from or based upon any such geotechnical, soils and other reports, surveys and analyses which the Owner makes available for the Contractor's information and review.

3.3 **OWNER-PAID PERMITS AND FEES**

3.3.1 The Owner will not secure nor pay for any permits. Contractor will be required to apply for and obtain all necessary Fairfax Count, VDOT and Town of Vienna permits prior to the start of any site work. The Owner has received a waiver of Fairfax County permitting fees.

3.3.2. The Contractor's attention is directed to Article 4 describing other permits to be obtained and fees to be paid by the Contractor.

3.3.3 The foregoing are in addition to other duties and responsibilities of the Owner enumerated herein including, but not limited to, Articles 6 and 9.

3.4 OWNER'S RIGHT TO STOP WORK

3.4.1 If the Contractor fails to correct defective Work as required herein or persistently fails to carry out the Work in accordance with the Contract Documents, the Owner, by a written order, may order the Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated. However, this right of the Owner to stop the Work shall not give rise to any duty on the part of the Owner to exercise this right for the benefit of the Contractor or any other person or entity.

3.5 OWNER'S RIGHT TO CARRY OUT THE WORK

3.5.1 If the Contractor defaults or neglects to carry out the Work in accordance with the Contract Documents and fails within seven (7) days after receipt of written notice from the Owner to commence and continue correction of such default or neglect with diligence and promptness, the Owner may make good such deficiencies using any method of his choosing. In such case, an appropriate Change Order shall be issued deducting from the payments then or thereafter due the Contractor, under the original Contract Documents, the cost of correcting such deficiencies, including compensation for the A/E's additional services made necessary by such default, neglect or failure. If the payments then or thereafter due the Contractor are not sufficient to cover such amount, the Contractor shall pay the difference to the Owner.

3.5.2 Neither the Owner nor the A/E nor their officers, agents, assigns or employees are in any way liable or accountable to the Contractor or his surety for the method by which Work performed by the Owner, or at the Owner's direction, or any portion thereof, is accomplished or for price paid therefore. Notwithstanding the Owner's right to carry out a portion of the Work, maintenance and protection of the Work remains the Contractor's and Surety's responsibility as provided for in the Performance Bond and Guarantee of Contractor, pursuant, but not limited, to Articles 4 and 12.

3.6 SUSPENSION OF WORK

3.6.1 The Owner shall have the authority to suspend the Work, in whole or in part, for such periods and reasons as the Owner may deem necessary or desirable, in its sole discretion, including without limitation:

1. Unsuitable weather;
2. Other conditions considered by the Owner to be unfavorable or unsafe for the suitable prosecution of the Work;
3. Other conditions considered by the Owner to be adverse toward his best interests.

3.6.2 Any such suspension shall be in writing to the Contractor. The Contractor shall obey immediately such orders of the Owner and shall not resume the Work until so ordered in writing by the Owner. No such suspension of the Work shall be the basis of a claim by the Contractor for any increase in the Contract Sum or for any other damages, losses, costs or expenses whatsoever. Whenever the suspension is for a reasonable time under the circumstances then existing and the cause thereof is beyond the control and is

without the fault or negligence of the Contractor, the Contractor shall be entitled to an extension of the Contract Time subject to the provisions of Article 8 herein.

- 3.6.3 In the event of suspension of Work, the Contractor will cause his employees including subcontractors to protect carefully his and their materials and Work against damage or injury from the natural and man made origin such as weather, corrosion, other environmental conditions, theft and vandalism. Such protection shall maintain completed and uncompleted portions of the Work as required by the Contract Documents. If, in the opinion of the, A/E, any Work or material shall have been damaged or injured by reason of failure on the part of the Contractor or any of his subcontractors to so protect same, such Work and materials shall be removed from the work site and replaced at the expense of the Contractor.

3.7 USE AND OCCUPANCY PRIOR TO FINAL ACCEPTANCE BY OWNER

- 3.7.1 The Owner has the right to take possession of and use any completed or partially completed portions of the Work, notwithstanding that the time for completing the entire Work or any portions thereof may, or may not, have expired. The taking of possession and use by the Owner shall be in accordance with the provisions regarding Substantial Completion in Article 9. If such prior use delays the Work, the Contractor may submit a request for a time extension in accordance with the requirements of Article 8. By submitting a request for time extension, the Contractor thereby waives any claims for additional costs, expenses or damages associated with the Owner's prior use and occupancy.

3.8 RIGHT TO AUDIT AND PRESERVATION OF RECORDS

- 3.8.1 The Contractor shall maintain accurate books, records and accounts of all costs in accordance with generally accepted accounting principles and practices. The Owner or its authorized representative shall have the right to audit the books, records and accounts of the Contractor under any of the following conditions:

1. If the Contract is terminated for any reason in accordance with the provisions of these Contract Documents in order to arrive at equitable termination costs.
2. Disagreement(s) between the Contractor and the Owner occurs regarding the amount due the Contractor under the terms of this Contract.
3. To check or substantiate any amounts invoiced or paid which are required to reflect the costs of the Contractor, or the Contractor's efficiency or effectiveness under this Contract or in connection with extras, changes, claims, additions, back charges, or other, as may be provided for in this Contract.
4. If it becomes necessary to determine the Owner's rights and the Contractor's obligations under the Contract or to ascertain facts relative to any claim against the Contractor which may result in a charge against the Owner.

- 3.8.2 These provisions for an audit shall give the Owner unlimited access during normal working hours to the Contractor's books, records and accounts under the conditions stated above.

- 3.8.3 Unless otherwise provided by applicable statute, the Contractor, from the effective date of final payment or termination hereunder, shall preserve and make available to the Owner for a period of three (3) years thereafter, at all reasonable times at the office of the Contractor and without direct charge to the Owner, all his books, records, documents, and other evidence bearing on the costs and expenses of the Contractor under this Contract and relating to the Work hereunder. Records shall include without limitation photographs, micro-photographs, design and as-built drawings or other authentic reproductions thereof.

- 3.8.4 The Owner will make all payments required of it under this Contract subject to audit, under circumstances stated above. Audit may be performed at the Owner's option, either during the Contract time period or during the above record retention time period. Regardless of authorization, approval or acceptance, signatures or letters which are given by the Owner and are part of the Owner's control systems or are requested by the Contractor, the payments made under this Contract shall not constitute a waiver of the Owner's right to audit, nor shall payments constitute a waiver or agreement by the Owner that it accepts as correct the billings, invoices or other charges on which the payments are based. If the Owner's audit produces a claim against the Contractor, the Owner may pursue all available legal remedies even though it has made all or part of the payments required by this Contract.
- 3.8.5 If any audit by the Owner or the Owner's representative discloses an underpayment by the Owner, the Owner shall have the duty to pay any amounts found by the audit to be owed to the Contractor. If such audit discloses an overpayment, the Contractor shall have the obligation to reimburse the Owner for the amount of the overpayment. The Owner's right to reimbursement from the Contractor of the overpayment and the duty of the Owner and the Contractor to make reimbursements or payments as described in this Article shall not be terminated or waived until the Owner has completed its audit.
- 3.8.6 The Owner's right to audit and the preservation of records shall terminate at the end of three (3) years as stated hereinabove. The Contractor shall include this "Right to Audit and Preservation of Records" clause in all subcontracts issued by him and he shall require same to be inserted by all lower tier Subcontractors in their subcontracts, for any portion of the Work. Should Contractor fail to include this clause in any such Contract or lower tier Contract, or otherwise fail to insure the Owner's rights hereunder, Contractor shall be liable to Owner for all costs, expenses and attorney's fees which Owner may have to incur in order to obtain an audit or inspection of or the restoration of records which would have otherwise been available to Owner from said persons under this clause. Such audit may be conducted by the Owner or its authorized representative.

3.9 RIGHT TO REVIEW DOCUMENTS AND OTHER MATERIALS

- 3.9.1 In addition to the rights granted to the Owner under Article 3.8, the Owner shall have the right to review and copy any and all of the Contractor's records pertaining to or relating in any way to this project. Contractor's records include, but are not limited to, correspondence, memoranda, minutes, reports, intra-office and inter-office communications, work papers, estimating sheets, progress reports, forecasts, audio or video recordings, computer disks and drives, all digital and analog storage devices, films, or any other materials, regardless of physical form or characteristics, which were prepared or obtained in the course of the Work by the Contractor. The Contractor shall make all such documents and records available to the Owner upon ten (10) days written notice to the Contractor of the Owner's intent to review such documents. The Contractor shall include this "Right to Review Documents and Other Materials" clause in all subcontracts issued by him and he shall require same to be inserted by all lower-tier subcontractors in their subcontracts for any portion of the Work. The Contractor hereby waives any right he may have to additional compensation or time extensions in the event he fails or refuses to produce records pertaining to any such claim as requested by the Owner pursuant to this paragraph. In addition, the Owner may withhold all or any portion of any progress payments which may be otherwise due the event Contractor refuses to comply with is obligations under this paragraph. The review of documents and other records under this clause may be conducted by the Owner or its authorized representatives.

The Owner will welcome such a clarification request and, if deemed necessary by the Owner, the Owner will issue a written instruction clarifying the matter in question. Should the Contractor fail to seek such a clarification thereof immediately upon the discovery of the need therefore, prior to the time the said Work is performed, the Contractor thereby assumes all risk of loss related to such error, inconsistency, ambiguity, discrepancy, conflict or variance which the Contractor (and any person in contract with Contractor relating to the subject project) knew or should have known existed prior to the time the Work was performed.
- 4.8.4 Any material or operation specified by reference to publications, published specifications of a Manufacturer, a Society, an Association, a Code, or other published Standard, shall comply with the requirements of the referenced document which is current on the date of receipt of bids. If the Contractor observes that any of the Contract Documents are at variance therewith in any respect, he shall promptly notify the A/E in writing, with a copy to the Owner. The A/E will make such judgments as are necessary and notify the Contractor prior to the performance of the Work.
- 4.8.5 If the Contractor performs any Work to be contrary to such laws, ordinances, permits, rules, regulations and resolutions, he shall assume full responsibility therefore and shall bear all costs attributable thereto.
- 4.8.5.1 The Contractor/Consultant shall comply with all laws and regulations of the Commonwealth of Virginia and the United States with respect to the employment of unauthorized aliens. Contractor/Consultant shall not hire or subcontract any portion of the work under this Contract to any individual the Contractor knows or reasonably should know to be an unauthorized alien as defined by 8 U.S.C. §1324a(h)(3). A violation of this provision shall constitute a material breach of the Contract and the Town may, in its sole discretion, terminate the contract. In the event the Contract is terminated for a cause by the Contractor or its Subcontractor's hiring of unauthorized aliens, Contractor hereby waives any claim to lost profits and the Town may proceed in accordance with the termination and default provision of section 4.11.12.
- 4.8.6 The Contractor will be held responsible for locating all underground structures such as water, oil and gas mains, water and gas services, storm and sanitary sewers and telephone and electric conduits which may be encountered during the construction operation. He shall dig test holes to determine the position of the underground structures. The Contractor shall pay the cost of digging test holes and likewise he shall pay the cost of the services of the representatives of the owners of such utilities for locating the said utilities. The cost of determining the location of any and all utilities is to be included in the bid price. The Owner shall pay the owners of such utilities for fees or charges for relocation of gas, electric, telephone, cable or other lines and/or services indicated to be relocated by others.

4.8.7 The Contractor shall have Miss Utility locate all utilities on the site which are within the area of the Work. If utilities are marked which are not shown on the plans, the Contractor shall immediately notify the Owner and the A/E of such findings. The Owner and A/E shall provide direction to the Contractor within a reasonable period of time if additional Work is required as a result of the utility findings. Any costs or expenses associated with locating such utilities may be the basis of a Change Order as provided in Article 11.

4.9 ALLOWANCES

4.9.1 The Special Conditions will contain provisions for allowances; if such is applicable to this Contract.

4.10 SUPERINTENDENT

4.10.1 The Contractor shall employ a competent Superintendent and necessary assistants who shall be in attendance at the Project site during the progress of the Work. The Superintendent shall have full authority to represent the Contractor and all communications provided or furnished to the Superintendent shall be as binding as if given to the Contractor.

4.10.2 It is understood that such Superintendent shall be acceptable to the Owner and shall be one who will be continued in that capacity for duration of this project, unless he ceases to be on the Contractor's payroll. The Superintendent shall not be employed on any other project during the performance of this Contract.

4.11 CONSTRUCTION SCHEDULE

4.11.1 This project is scheduled to be completed in fifteen (15) months, or by January 2017.

4.11.2 It is the sole responsibility of the Contractor to prepare, maintain, update, revise and utilize the Construction Schedule as outlined in this document. The schedule shall be the sole overall Construction Schedule utilized by the Contractor in managing this project, provided, however, that Contractor may at its option employ and utilize other schedules based upon and consistent with the Construction Schedule. In general, it is the intent of this Paragraph to allow the Contractor to choose its own means, methods and construction procedures consistent with good practice and the Contract Documents.

4.11.3 If the Contractor should submit a schedule or express an intention to complete the Work earlier than any required Milestone or Completion date, the Owner shall not be liable to the Contractor for any costs or delay should the Contractor be unable to complete the Work before such Milestone or Completion date. The duties, obligations and warranties of the Owner to the Contractor shall be consistent with and applicable only to the completion of the Work on the Milestone and completion dates required in the Owner-Contractor Agreement.

4.11.4 Approval by the Owner of the Construction Schedule is advisory only and shall not relieve the Contractor of the responsibility for accomplishing the Work within each and every required Milestone and Completion date. Omissions and errors in the approved Construction Schedule shall not excuse performance which is not in compliance with the Contract. Approval by the Owner in no way makes the Owner an insurer of the Construction Schedule's success or liable for time or cost overruns flowing from its shortcomings. The Owner hereby disclaims any obligation or liability by reason of Owner approval of the Construction Schedule.

- 4.11.5 Contractor shall consult with and obtain information from principal Subcontractors necessary in preparation of the schedules, updates and revisions required herein. Contractor shall provide each principal Subcontractor with copies of the Construction Schedule and any revisions or updates affecting a Subcontractor's Work. Contractor shall hold appropriate progress meetings with Subcontractors and shall direct and coordinate the Work of Subcontractors consistent with and as required herein. Owner shall have the right to attend Subcontractor progress meetings but shall not be required to participate in such meetings or provide information to Subcontractors, except through the Contractor. Contractor shall keep up-to-date minutes of Subcontractor progress meetings and shall provide same to Owner in a timely fashion. The Contractor shall ensure that each Subcontractor, Sub-subcontractor, supplier and manufacturer acknowledges and accepts the requirements of the Construction Schedule relating to their part of the Work.
- 4.11.6 If Contractor's Construction Schedule indicates that Owner or a separate Contractor is to perform an activity by a specific date or within a certain time duration, Owner or any separate Contractor shall not be bound to said date or duration unless Owner expressly and specifically agrees in writing to same. The Owner's overall review and approval or acceptance of the schedule does not constitute an agreement to specific dates or durations for activities of the Owner or any separate contractor.
- 4.11.7 The Contractor's Superintendent shall maintain at the job site, an up to date, approved Construction Schedule, indicating actual monthly progress for those portions of the project on which Work has been or is being performed.
- 4.11.8 If an extension or contraction of any Milestone or Completion Date is authorized by any Change Order, the Contractor shall revise his Construction Schedule, Milestone and Completion Dates accordingly.
- 4.11.9 If, in the opinion of the Owner, the Construction Schedule does not accurately reflect the actual progress and sequence of the Contractor's performance of the Work, the Contractor shall revise the Construction Schedule, upon the Owner's written request. The Contractor shall submit, within seven (7) days following a request for schedule revision, a revised Construction Schedule that accurately represents the progress and sequence of the Contractor's performance of the Work.
- 4.11.10 Owner shall have the right to approve or reject any scheduling consultant that may be selected or retained by Contractor.
- 4.11.11 Contractor covenants and guarantees that Contractor will not:
1. Misrepresent to Owner its' planning and scheduling of the Work;
 2. Utilize schedules materially different from those made available to the Owner or any Subcontractors for the direction, execution and coordination of the Work, or which are not feasible or realistic;
 3. Prepare schedules, updates, revisions or reports which do not accurately reflect Contractor's actual intent or Contractor's reasonable and actual expectations as to:
 - (a) The sequences of activities,
 - (b) The duration of activities,
 - (c) The responsibility for activities,
 - (d) Resource availability,
 - (e) Labor availability or efficiency,
 - (f) Expected weather conditions,
 - (g) The value associated with the activity,
 - (h) The percentage complete of any activity,
 - (i) Completion of any item of Work or activity,

- (j) Project completion,
- (k) Delays, slippages, or problems encountered or expected,
- (l) Subcontractor requests for time extension, or delay claims of subcontractors,
- (m) Float time available.

4. Hire or subcontract any portion of the work under this Contract to any individual the Contractor knows or reasonably should know to be an unauthorized alien as defined by 8 U.S.C. §1324a(h)(3).

4.11.12 Contractor's failure to substantially comply with the foregoing covenant and guarantee of Paragraph 4.11.11 shall be a substantial and material breach of contract which will permit Owner to terminate Contractor for default, or withhold payments under the Contract Documents, and shall entitle Owner to the damages afforded for misrepresentation or fraud by these Contract Documents or applicable law.

4.11.13 Should Contractor fail to substantially comply with the provisions of the Contract Documents relating to scheduling and execution of the Work by the overall project schedule, Owner shall have the right, at its option, to retain the services of scheduling consultants or experts, including attorneys whenever necessary in the opinion of the Owner, to prepare schedules, reports, updates and revisions of the schedule in accordance with the Contract Documents and to review and analyze same in order to allow Owner and A/E to evaluate the program of the Work by Contractor, to determine whether Contractor is substantially complying with the Contract Documents and to direct such action of the part of the Contractor, as required to ensure, under the Owner's schedule prepared hereunder, that Contractor will complete the Work within the Contract Time. All costs and expenses and fees incurred by Owner in preparing the schedule hereunder shall be charged to Contractor's account. If Contractor fails to substantially comply with the scheduling and execution of the Work requirements of the Contract Documents, Contractor hereby agrees, in such instance, to comply with such Owner-prepared schedules, directions and activity sequences and durations as Owner may reasonably require without additional cost to the Owner. Cost adjustments may be allowed for such changes that add additional tasks to the Work as the Owner may direct, to ensure completion within the Contract Time.

4.11.14 The Construction Schedule shall be utilized by Owner, A/E and Contractor for submission, review and approval of monthly Payment Requests. The schedule must be updated by Contractor monthly with each progress payment application and submitted to the Owner and A/E for review with the progress payment application. Owner shall not be required to process and review Contractor's Application for Payment if Contractor has failed or refused to provide the scheduling update information required herein.

4.11.15 The type of schedule to be utilized on this project, along with its particular elements, shall be as specified in Section F, Supplemental/Special Conditions.

4.12 RESPONSIBILITY FOR COMPLETION

4.12.1 The Contractor shall furnish such manpower, materials, facilities and equipment and shall Work such hours, including night shifts, overtime operations, Sundays and holidays, as may be necessary to ensure the performance of the Work within the Milestone and Completion dates specified in the Owner-Contractor Agreement. If it becomes apparent to the Owner that the Work will not be Completed within required Milestone or Completion dates, the Contractor agrees that it will assume full responsibility to take some or all of the following actions, at no additional cost to the Owner, in order to ensure, in the opinion of the Owner, that the Contractor will comply with all Milestone and Completion date requirements:

1. Increase manpower, materials, crafts, equipment and facilities;
2. Increase the number of Working hours per shift, shifts per Working day, Working days per week, or any combination of the foregoing;
3. Reschedule activities to achieve maximum practical concurrency of accomplishment of activities.

4.12.2 If the actions taken by the Contractor are not satisfactory, the Owner may direct the Contractor to take any and all actions necessary to ensure completion within the required Milestone and Completion dates, without additional cost to the Owner. In such event, the Contractor shall continue to assume responsibility for his performance and for completion within the required dates.

4.12.3 If, in the opinion of the Owner, the actions taken by the Contractor pursuant to this or the progress or sequence of Work are not accurately reflected on the Construction Schedule, the Contractor shall revise such schedule to accurately reflect the actual progress and sequence of Work.

4.12.4 Failure of the Contractor to substantially comply with the requirements of this Article may be considered grounds for a determination by the Owner, pursuant to Article 14, that the Contractor is failing to prosecute the Work with such diligence as will ensure its completion within the time specified.

4.12.5 The Owner may, at its sole discretion and for any reason, including when it is apparent to the A/E or Owner that the Work will be completed within the required Milestone or Completion dates, require the Contractor to accelerate the Schedule of Performance by providing overtime, Saturday, Sunday and/or holiday Work and/or by having all or any Subcontractors designated by the Owner provide overtime, Saturday, Sunday, and/or holiday Work. In the event that the Owner requires overtime, Saturday, Sunday or holiday Work by the Contractor's or his Subcontractors own forces, and such requirement is not related in any way to the Contractor's apparent inability to comply with Milestone and Completion date requirements, the Owner shall reimburse the Contractor for the direct costs to the Contractor of the premium time for all labor utilized by the Contractor in such overtime, Saturday, Sunday or holiday Work (but not for the straight time costs of such labor), together with any Social Security and State or Federal unemployment insurance taxes in connection with such premium time. However, no overhead supervision costs, commissions, profit or other costs and expenses shall be payable in connection therewith.

4.12.6 This provision does not eliminate the Contractor's responsibility to comply with the Town noise ordinances, all VDOT permit requirements and all other applicable state and local laws, regulations, rules, ordinances, resolutions, and permit requirements.

- 4.14.6.1 Parts and details not fully indicated on the contract drawings shall be detailed by the Contractor in accordance with standard engineering practice. Dimensions on the contract drawings, as well as detailed drawings themselves are subject in every case to measurements of existing, adjacent, incorporated and completed Work, which shall be taken by the Contractor before undertaking any Work dependent on such data.
- 4.14.7 The Contractor shall not be relieved of responsibility for any deviation from the requirements of the Contract Documents by the Owner or A/E's approval of Shop Drawings, Product Data, Samples or Manuals under Article 2 unless the Contractor has specifically informed the Owner and A/E in writing of such deviation at the time of submission and the Owner has given written approval for the specific deviation. The Contractor shall not be relieved from responsibility for errors or omissions in the Shop Drawings, Product Data, Samples or Manuals by the A/E's approval thereof.

Unless otherwise provided in the Contract Documents, the naming of a certain product brand, make, manufacturer or article, device, product, material, fixture or type of construction shall convey the general style, type, character and standard of quality of the article desired and shall not be construed as limiting competition. The Contractor may request approval of the Owner to use another brand, make, manufacturer, article, device, product, material, fixture, form or type of construction which the Contractor judges to be equal to that specified. An item shall not be considered by the Owner for approval as equal to the item so named or described unless it (1) it is at least equal in quality, durability, appearance, strength, and design; (2) it will perform at least equally the specific function imposed by the general design for the Work being contracted for or the material being purchased; and (3) it conforms substantially, even with deviations, to the detailed requirements for the item in the specifications. Approval shall be at the sole discretion of the Owner and will be based upon considerations of quality, Workmanship, economy of operation, suitability for the purpose intended, and acceptability for use on the project. Any such approval must be in writing to be effective and the decision of the Owner shall be final.
- 4.15.3 If the Contractor elects to use an equal product previously approved by an Addendum during bidding, and the Contractor (as a Bidder) did not provide the "Contractor Request for Equal Product and Contractor's Representations" form prior to the opening of bids, he shall comply with the requirements of paragraph 4.15.5. However, it is not necessary to submit the data required in 4.15.4.
- 4.15.4 To obtain such approval of equal products other than those specified in Contract Documents, and not previously approved during the bidding, the Contractor's request for approval of any equal product shall include the following:
1. Complete data substantiating compliance of the proposed equal product with the Contract Documents;
 2. Accurate cost data on proposed equal product in comparison with product or method specified;

 2. He will meet all contract obligations with regard to this substitution;
 3. He will coordinate installation of accepted equal products into the Work, making all such changes and any required schedule adjustments, at no additional cost to the Owner, as may be required for the Work to be complete in all respects;
 4. He waives all claims for additional costs and additional time related to equal products. He also agrees to hold the Owner harmless from claims for extra costs and time incurred by Subcontractors

and suppliers, or additional services which may have to be performed by the A/E, for changes or extra Work that may, at some later date, be determined to be necessary in order for the Work to function in the manner intended in the Contract Documents;

5. He will provide the same warranty and guarantee, and perform any Work required in accordance therewith, for the equal product that is applicable to the specified item for which the equal product is requested;
6. Material will be installed, handled, stored, adjusted, tested, and operated in accordance with the manufacturers' recommendation and as specified in the Contract Documents;

9. He has provided accurate cost data on the proposed equal product in comparison with the product or method specified, if applicable.

4.15.6 The Owner may require tests of all products proposed as equal products so submitted to establish quality standards, at the Contractor's expense. After approval of an equal product, if it is determined that the Contractor submitted defective information or data regarding the equal product upon which Owner's approval was based, and that unexpected or unanticipated redesign or rework of the project will be required in order to accommodate the equal product, or that the item will not perform or function as well as the specified item for which equal product was requested, the Contractor will be required to furnish the original specified item or request approval to use another equal product. The Contractor shall pay all costs, expenses or damages associated with or related to the unacceptability of such an equal product and the resultant utilization of another item and no time extension shall be granted for any delays associated with or related to such an equal product.

4.15.7 If an equal product is approved, no change in brand or make will be permitted unless satisfactory, written evidence is presented to and approved by the Owner that the manufacturer cannot make scheduled delivery of the approved item. Equal products will not be considered for approval by the Owner if any of the following conditions exist:

1. The proposed equal product is indicated or implied on the Contractor's shop drawing or product data submittals and has not been formally submitted for approval by the Contractor in accordance with the above-stated requirements;
2. Acceptance of the proposed equal product will require substantial design revisions to the Contract Documents or is otherwise not acceptable to the Owner.

4.15.8 Except as otherwise provided for by the provisions of any applicable laws, the Contractor shall not have any right of appeal from the decision of the Owner disapproving any products submitted if the Contractor fails to obtain the approval for an equal product under this Article.

4.15.9 If the Contractor proposes a product which the Owner determines is not equal to the product named in Contract Documents but which the Owner nevertheless is willing to accept, Contractor shall provide upon request by the Owner an itemized comparison of the proposed substitution with the product specified and the cost differential which shall be credited to the Owner in a Change Order issued in accordance with Article 11.

4.16.1 The Contractor shall confine his operations at the site to areas permitted by law, ordinances, permits, easements, right-of-way agreements and the Contract Documents. The Contractor shall not unreasonably encumber the site, in the opinion of the Owner, with any materials, equipment or trailers nor shall he block the entrances or otherwise prevent reasonable access to the site, other Working and parking areas, completed portions of the Work and/or properties, storage areas, areas of other facilities that are adjacent to the Worksite. If the Contractor fails or refuses to move said material, equipment or trailers within 24 hours of notification by the Owner to so do, the Owner shall have the right, without further notice, to remove, at the Contractor's expense, any material, equipment and/or trailers which the Owner deems are in violation of this paragraph.

The Contractor shall not cut or otherwise alter the Work of the Owner or any separate contractor except with the written consent of the Owner and of such separate contractor. The Contractor shall not unreasonably withhold from the Owner or any separate contractor his consent to cutting or otherwise altering the Work. The Owner shall not be required to accept Work with a cut, splice, or patch when such cut, patch or splice is not generally accepted practice for the particular Work involved or is otherwise unworkmanlike in the opinion of the Owner.

4.18 RIGHT TO PUBLISH

4.18.1 The Contractor agrees that he will not publish, cause to be published, or otherwise disseminate any information of whatever nature relating to the Work being performed under this Contract, except as may be approved by the Owner in writing.

The term Subcontractor is referred to throughout the Contract Documents as if singular in number and masculine in gender and means a Subcontractor or his authorized representative. The term Subcontractor does not include any separate contractor or his Subcontractors.
- 5.1.2 A Sub-subcontractor is a person or entity who has a direct or indirect contract with a Subcontractor to perform or supply any of the Work at the site. The term Sub-subcontractor is referred to throughout the Contractor Documents as if singular in number and masculine in gender and means a Sub-subcontractor or an authorized representative thereof.
- 5.1.3 The A/E will not deal directly with any Subcontractor or Sub-subcontractor or materials supplier. Unless otherwise authorized, communication by the A/E will be made only through the Owner to the Contractor. Subcontractor, Sub-subcontractors or material suppliers shall route requests for information or clarification through the Contractor to the NE, with a copy to the Owner.

5.2 **AWARD OF SUBCONTRACT AND OTHER CONTRACTS FOR PORTIONS OF THE WORK**

- 5.2.1 Subcontractors shall be subject to the approval of the Owner. The Contractor shall submit to the Owner and A/E prior to the award of any subcontract for Work under this contract and thirty (30) calendar days after the award of this contract, the proprietary names and the suppliers of principal items or systems of materials and equipment proposed for the Work, the names and addresses, internet sites, business and emergency phone numbers of the Subcontractors which he proposes to employ under this contract, as well as such other information as may be requested by the Owner, including the Subcontractor(s) Notification Form. The Owner will approve or disapprove each Subcontractor and supplier based upon his apparent financial soundness and responsibility, his known or reported performance on previous similar Work, and his available plant, equipment and personnel to perform the Work. The Contractor shall not employ a Subcontractor or supplier which has been disapproved by the Owner and shall resubmit names of proposed Subcontractors or suppliers until approvals are granted by the Owner. Disapproval of a proposed Subcontractor or supplier shall not affect the contract price.
- 5.2.2 The Contractor shall make no substitution for any Subcontractor, person or entity previously selected without the specific written approval by the Owner of such substitution.

5.3 **SUBCONTRACTUAL RELATIONS**

- 5.3.1 By an appropriate written agreement the Contractor shall require each Subcontractor, to the extent of the Work to be performed by the Subcontractor, to be bound to the Contractor by the terms of the Contract Documents, and to assume toward the Contractor all the obligations and responsibilities which the Contractor, by these Documents assumes toward the Owner and the A/E. Said agreement shall preserve

and protect the rights of the Owner and the A/E under the Contract Documents with respect to the Work to be performed by the Subcontractor so that the subcontracting thereof will not prejudice such rights, and shall allow to the Subcontractor, unless specifically provided otherwise in the Contractor-Subcontractor agreement, the benefit of all rights, remedies and redress against the Contractor that the Contractor, by these Documents, has against the Owner. Where appropriate, the Contractor shall require each Subcontractor to enter into similar agreements with his Sub-subcontractor's. The Contractor shall make available to each proposed Subcontractor, prior to the execution of the subcontract, copies of all of the Contract Documents, and identify to the Subcontractor any terms and conditions of the proposed subcontract which may be at variance with the Contract Documents. Each Subcontractor shall similarly make copies of such Documents available to his Sub-subcontractor's. Each subcontract agreement shall ensure that the Subcontractor is in compliance with all appropriate provisions of the Contract Documents.

5.3.2 The provisions herein regarding Subcontractor approvals shall in no way affect the liability of the Contractor to Owner regarding performance of all obligations by or payment of Subcontractors. Approval to subcontract and of any given Subcontractor shall not to any degree relieve the Contractor of his obligation to perform or have performed to the full satisfaction of the Owner all of the Work required by this Contract.

5.4 QUALIFICATION SUBMITTALS

5.4.1 Specific qualification submittals may be required of Subcontractors, installers and suppliers for certain critical items of the Work. Required qualification submittals are set forth in detail in the Technical Specifications and shall be collected and submitted by the Contractor to the A/E and the Owner. All information required of a single Subcontractor, installer or supplier shall be contained in a single, complete submittal. The Contractor shall submit the required qualification information within ten (10) days after receipt of the Owner's request.

5.4.2 The Owner may reject any proposed Subcontractor, installer or supplier, or any qualification submittals related thereto, for the following reasons:

1. The Contractor's failure to submit requested information within the specified time;
2. The Contractor's failure to provide all of the requested information;
3. The Contractor's submission of a Subcontractor, installer or supplier, or qualifications thereof, which are unacceptable in the judgment of the Owner.

5.4.3 Should the Owner have reasonable objection to any proposed Subcontractor, installer or supplier, the Contractor shall submit another firm for approval by the Owner at no additional cost to the owner.

ARTICLE 6

WORK BY OWNER OR BY SEPARATE CONTRACTORS

6.1 **OWNER'S RIGHT TO PERFORM WORK AND TO AWARD SEPARATE CONTRACTS**

6.1.1 The Owner reserves the right to perform Work related to the Project with his own forces, and to award separate contracts in connection with other portions of the Project or other Work on the site under these or similar Conditions of the Contract.

6.1.2 When separate contracts are awarded for different portions of the Project or other Work on the site, the term Contractor in the Contract Documents in each case shall mean the Contractor who executes each separate Owner-Contractor Agreement.

6.2 **MUTUAL RESPONSIBILITY**

6.2.1 The Contractor shall afford other contractors and the Owner reasonable opportunity for the introduction and storage of their materials and equipment and the execution of their Work and shall properly connect and coordinate the Work with such other Work. The Contractor shall coordinate his Work with the Owners and other contractors to store his apparatus, materials, supplies and equipment in such orderly fashion at the site of the Work as will not unduly interfere with the progress of the Work or the Work of any other contractors.

6.2.1.1 If the execution or result of any part of the Work depends upon any Work of the Owner or of any separate contractor, the Contractor shall, prior to proceeding with the Work, inspect and promptly report to the Owner in writing any apparent discrepancies or defects in such Work of the Owner or of any separate contractor that render it unsuitable for the proper execution or result of any part of the Work.

6.2.1.2 Failure of the Contractor to so inspect and report shall constitute an acceptance of the Owner's or separate contractor's Work as fit and proper to receive the Work, except as to defects which may develop in the Owner's or separate contractor's Work after completion of the Work and which the Contractor could not have discovered by its inspection prior to completion of the Work.

6.2.2 Should the Contractor cause damage to the Work or property of the Owner or of any separate contractor on the Project, or to other Work on the Site, or delay or interfere with the Owner's Work on ongoing operations or facilities or adjacent facilities or said separate contractor's Work, the Contractor shall be liable for the same; and, in the case of another contractor, the Contractor shall attempt to settle said claim with such other contractor prior to such other contractor's institution of litigation or other proceedings against the Contractor.

6.2.2.1 If such separate contractor sues the Owner on account of any damage, delay or interference caused or alleged to have been so caused by the Contractor, the Owner shall notify the Contractor, who shall defend the Owner in such proceedings at the Contractor's expense. If any judgment or award is entered against the Owner, the Contractor shall satisfy the same and shall reimburse the Owner for all damages, expenses, attorneys' fees and other costs which the Owner incurs as a result thereof.

6.2.3 Should Contractor have a dispute with a separate contractor with whom the Owner has contracted regarding damage to the Work or the property of Contractor or to the Work or property of said separate

contractor or with regard to any delays or interferences which either Contractor or said separate contractor has caused to the performance of the other's Work, Contractor agrees to attempt to settle such dispute directly with said separate contractor. If such dispute cannot be settled, Contractor agrees to arbitrate such dispute directly with said separate contractor in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association then in force. Contractor agrees that the Owner shall not be a party to any such arbitration and that in no event shall the Contractor seek to recover from the Owner, and the Contractor hereby represents to the Owner, that it will not seek to recover from it any damages, costs, expenses (including, but not limited to, attorney's fees) or loses of profit incurred by the Contractor as a result of any damage to the Work or property of the Contractor or any delay or interference caused or allegedly caused by any separate contractor.

6.3 OWNER'S RIGHT TO CLEAN UP

6.3.1 If a dispute arises between the Contractor and separate contractors as to their responsibility for cleaning up as required by Article 4, the Owner may clean up and charge the cost thereof to the Contractor responsible therefore as the Owner shall determine to be just.

ARTICLE 7

MISCELLANEOUS PROVISIONS

7.1 **GOVERNING LAW**

7.1.1 The provisions of this contract shall be interpreted in accordance with the laws of Virginia, in accordance with the laws, ordinances, regulations, permits, zoning and resolutions of the Town of Vienna, Virginia.

7.2 **PROVISIONS REQUIRED BY LAW DEEMED INSERTED**

7.2.1 Each and every provision of law and clause required by law to be inserted in this Contract shall be deemed to be inserted herein and the Contract shall be read and enforced as though it were included herein and if through mistake or otherwise, any such provision is not inserted or is not correctly inserted, then upon the application of either party, the Contract shall forthwith be physically amended to make such insertion.

7.3 **SUCCESSORS AND ASSIGNS**

7.3.1 The Owner and the Contractor each binds himself, his partners, successors, assigns and legal representatives to the other party hereto and to the partners, successors, assigns and legal representatives of such other party in respect to all covenants, agreements and obligations contained in the Contract Documents. Neither party to the Contract shall assign the Contract or sublet it as a whole without the written consent of the other, nor shall the Contractor assign any monies due or to become due to him hereunder, without the previous written consent of the Owner and the Contractor's Surety.

7.3.1.1 In the event the Contractor desires to make an assignment of all or part of the Contract or any monies due or to become due hereunder, the Contractor shall file a copy of consent of surety, together with a copy of the assignment to the Owner and A/E. In the event the Contractor assigns all or any part of the monies due or to become due under this Contract, the instrument of assignment shall state that the right of assignees in and to any monies due to or to become due to Contractor shall be subject to prior liens and claims of all persons, firms and corporations that provided labor services or furnished material and equipment during the performance of the Work. The rights of assignees shall further be subject to the payment of any liens, claims, or amounts due to Federal or State governments.

7.4 **CONTRACT CLAIMS AND DISPUTES**

7.4.1 Subsequent to a final decision rendered in writing by the Project Engineer as described in Article 2.2.14, all claims, disputes or other matters or questions between the Contractor and the Owner or A/E arising out of or relating to the performance of the Work or any termination hereunder shall be decided by the Project Manager or his designated representative. The Project Manager and/or his designated representative shall

issue his decision within thirty (30) days of his receipt of the claim, dispute or other matter. This decision shall be final unless the Contractor files a claim with the Town of Vienna pursuant to VA Code 15.2 – 1245-1249 (1950 as amended). Following the decision of the Town on the claim, the Contractor may institute legal action in the Circuit Court of Fairfax County.

7.5 ATTORNEYS' FEES AND OTHER EXPENSES

7.5.1 The Contractor hereby agrees that he will not submit, assert, litigate or otherwise pursue any claims that are without substantial justification. In the event that the Contractor's claim, or any separate item of a claim, is without substantial justification, the Contractor shall be liable to the Owner and shall pay the Owner for the percentage of all costs and expenses incurred by the Owner in investigating, analyzing, negotiating, appealing, and litigating the claim. The reimbursement shall be proportional to the percentage of the Contractor's total claim which is determined to be without substantial justification.

7.5.2 If the Contractor breaches the obligation stated in 7.5.1 above or any other obligation under the Contract Documents, the Contractor shall reimburse the Owner for all costs and expenses incurred by the Owner relating to such breach, including but not limited to attorneys' fees, audit costs, accountants' fees, expert witness' fees, additional A/E expenses and any other consultant costs.

7.5.3 If the Owner prevails in a claim brought against the Contractor, including but not limited to, claims for fraud or misrepresentation, overpayment, defective Work, delay damages, and recovery of termination expenses, the Contractor shall reimburse the Owner for all costs and expenses incurred by the Owner relating to such claim, including but not limited to attorneys' fees, audit costs, accountants' fees, expert witness' fees, additional A/E expenses and any other related consultant costs.

7.6 RIGHTS AND REMEDIES

7.6.1 The duties and obligations imposed by the Contract Documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law, not inconsistent with the Contract Documents.

7.6.2 No action or failure to act by the Owner, A/E or Contractor shall constitute a waiver of any right or duty afforded any of them under the Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

7.6.3 Contractor agrees that he can be adequately compensated by money damages for any breach of this Contract which may be committed by the Owner and hereby agrees that, no default, act, or omission of the Owner or the Architect, except for failure to make payments as required by the Contract Documents, shall constitute a material breach of the Contract entitling Contractor to cancel or rescind the provisions of this Contract or, unless the Owner shall so consent or direct in writing, to suspend or abandon performance of all or any part of the Work. Contractor hereby waives any and all rights and remedies to which he might otherwise be or become entitled, saving only its right to money damages.

7.7 TESTS

- 7.7.1 If the Contract Documents, laws, ordinances, rules, regulations, permits, resolutions or orders of any public authority having jurisdiction require any portion of the Work to be inspected, tested or approved, the Contractor shall give the Owner timely notice of its readiness so that the Owner or the A/E or other representatives of the Owner may observe such inspection, testing or approval. The Contractor shall bear all costs normally chargeable to Contractor of such inspections, tests or approvals conducted by public authorities.
- 7.7.2 All materials and Workmanship, if not otherwise designated by the specifications, shall be subject to inspection, examination or test by the Owner, A/E, and other representatives of the Owner, at any and all times during the manufacture and/or construction and at any and all places where such manufacture and/or construction are carried on. Special, full-sized and performance tests shall be as described in the specifications. Without additional charge, the Contractor shall furnish promptly all reasonable facilities, labor and materials necessary to make tests safe and convenient.
- 7.7.3 The selection of bureaus, laboratories and/or agencies for the inspection and tests of supplies, materials or equipment shall be subject to the approval of the Owner. Satisfactory documentary evidence, including but not limited to certificates of inspection and certified test reports, that the material has passed the required inspection and tests must be furnished to the Owner by the Contractor prior to the incorporation of the materials in the Work or at such times as to allow for appropriate action by the Owner.
- 7.7.4 Inspection or testing performed exclusively for the Contractor's convenience shall be the sole responsibility of the Contractor. Tests required as a result of the Contractor's or Subcontractor's error, omission or non-compliance with the Contract Documents, shall be paid for by the Contractor.
- 7.7.5 It is specifically understood and agreed that an inspection and approval of the materials by the Owner shall not in any way subject the Owner to pay for the said materials or any portion thereof, even though incorporated in the Work, if said materials are subsequently found out to be unfit to be used in the Work, nor shall such inspection be considered as any waiver of objection to the Work on account of the unsoundness or imperfection of the material used.

ARTICLE 8

CONTRACT TIME

8.1 **DEFINITIONS**

- 8.1.1 Unless otherwise provided, the Contract Time is the period of time specified in the Owner-Contractor Agreement for Substantial Completion of the Work as defined herein, including authorized adjustments thereto. The Contractor shall complete his Work within the Contract Time.
- 8.1.2 The date of commencement of the Work is the date established in a Notice to Proceed. If there is no Notice to Proceed, it shall be the date of the Owner-Contractor Agreement or such other date as may be established therein.
- 8.1.2.1 The Contractor shall not commence Work, deposit or store materials or equipment on site until written Notice to Proceed is issued or until the Contractor otherwise receives the Owner's written consent. The contractor shall commence Work no later than ten (10) days after date of the Notice to Proceed.
- 8.1.3 The date of Substantial Completion of the Work or designated portion thereof is the date determined by Owner when: (1) construction is sufficiently complete, in accordance with the Contract Documents, so the Owner can occupy or utilize the Work or designated portion thereof for the use for which it is intended; and (2) the Contractor has satisfied all other requirements for Substantial Completion which may be set forth in the Contract Documents.
- 8.1.4 The date of Final Completion of the Work is the date determined by the Owner when the Work is totally complete, to include punch list Work, in accordance with the Contract Documents and the Owner may fully occupy and utilize the Work for the use for which it is intended.
- 8.1.5 The term day as used in the Contract Documents shall mean calendar days unless otherwise specifically designated.

8.2 **PROGRESS AND COMPLETION**

- 8.2.1 All time limits stated in the Contract Documents are of the essence of the Contract.
- 8.2.2 The Contractor shall begin the Work on the date of commencement as defined herein. He shall carry the Work forward expeditiously with adequate forces and shall achieve Substantial and Final Completion as required by the Contract Documents.

8.3 **CLAIMS FOR TIME EXTENSIONS**

- 8.3.1 The time during which the Contractor is delayed in the performance of the Work, by the acts or omissions of the Owner, the A/E or their employees or agents, acts of God, unusually severe and abnormal climatic conditions, fires, floods, epidemics, quarantine restrictions, strikes, riots, civil commotions or freight embargoes, or other conditions beyond the Contractor's control and which the Contractor could not reasonably have foreseen and provided against, shall be added to the time for completion of the Work

(i.e., the Contract Time) stated in the Agreement; provided that the Contractor submits a request for extension of time for delays in compliance with the requirements of this Article and other all other related provisions of the Contract Documents.

- 8.3.2 The Owner shall not be obligated or liable to the Contractor for, and the Contractor hereby expressly waives any claims against the Owner on account of any indirect or direct damages, costs or expenses of any nature which the Contractor, its Subcontractors, or Sub-subcontractor's or any other person may incur as a result of (1) any delays, reasonable or unreasonable, foreseeable or unforeseeable which are either not caused by the acts or omissions of the Owner, its agents or employees or which arise from or out of (or owing to) causes not within the control of the Owner, its agents or employees, or (2) any reasonable delay regardless of its cause, it being understood and agreed that the Contractor's sole and exclusive remedy in any such events shall be an extension of the Contract Time, but only as determined in accordance with the provisions of the Contract Documents.
- 8.3.3 The burden of proof to substantiate a claim for an extension of the Contract Time shall rest with the Contractor, including evidence that the cause was beyond his control. It shall be deemed that the Contractor has control over the supply of labor, materials, equipment, methods and techniques of construction and over the Subcontractors and suppliers, unless otherwise specified in the Contract Documents.
- 8.3.4 In the event of authorized Changes in the Work, any consideration by the Owner for a time extension will be made no later than when the Change Order is prepared.
- 8.3.5 No time extensions will be granted as a result of the Contractor's improper or unreasonable scheduling or for the Contractor's failure to have Shop Drawings, Product Data, Samples or Manuals submitted in ample time for review under a reasonable and agreed upon schedule.
- 8.3.6 Delays by Subcontractors or suppliers will not be considered justification for a time extension, except for the same valid reasons and conditions enumerated herein.
- 8.3.7 The Contractor acknowledges and agrees that actual delays due to changes, suspension of Work or excusable delays, in activities which according to the schedule do not affect the Contract Time will not be considered to have any effect upon the Contract Time and therefore will not be the basis for a time extension.
- 8.3.8 The Contractor acknowledges and agrees that time extensions will be granted only to the extent that: (1) excusable delays exceed the available flexibility in the Contractor's schedule; and (2) Contractor can demonstrate that such excusable delay actually caused, or will cause, delay to the Contractor's schedule that will extend the Contract Time.
- 8.3.9 With respect to Suspensions of Work under Paragraph 3.6 herein, the Contractor shall be entitled to an extension of the Contract Time not to exceed the length of time that the Work was suspended (unless as determined under this Article and the other requirements of the Contract Documents that a further extension is justified and warranted) if the claim is submitted in accordance with the requirements of this Article, and if the suspension is not due to any act or omission of the Contractor, any Subcontractor or Sub-subcontractor or any other person or organization for whose acts or omission the Contractor may be liable. The Contractor's claim will be evaluated in accordance with the terms of this Article.
- 8.3.10 The Contractor shall not be entitled to any extension of time for delays resulting from any conditions or other causes unless it shall have given written notice to the Owner, within seven (7) calendar days following the commencement of each such condition or cause, describing the occurrence, the activities impacted and the probable duration of the delay. The Contractor's complete claim submittal for a time extension shall be submitted no later than twenty (20) calendar days after cessation of the delay or within such other longer period as the Owner may agree in writing to allow.
- 8.3.11 No such extension of time shall be deemed a waiver by the Owner of his right to terminate the Contract for abandonment or delay by the Contractor as herein provided or to relieve the Contractor from full responsibility for performance of his obligations hereunder.

8.3.12 The Contractor shall be liable to the Owner and shall pay it for a percentage of all costs incurred by the Owner in investigating, analyzing, negotiating, resolving any claim for costs or damages due to the alleged delaying of the Contractor in the performance of the Work, which percentage shall be equal to the percentage of the Contractor's total delay claim which is determined to be false or to have no basis in law or in fact.

8.4 CHANGE ORDER WORK

8.4.1 The Contractor shall make every reasonable effort to perform Change Order Work within the Contract Time and in such manner as to have minimum delaying effects on all remaining Work to be performed under the contract. If, however, the Change Order Work results in an unavoidable increase in the time required to complete the project, an extension of the Contract Time may be granted to the Contractor for the Change Order Work. The Contractor's request therefore shall be determined in accordance with the provisions of Article 8.3 herein and as follows:

1. If the time required for performance of the Change Order Work has an unavoidable direct delaying effect on the primary sequence of Work activities remaining after rescheduling (e.g., the critical path in CPM type scheduling), the overall contract time may be extended by the minimum number of days required for the Change Order Work as mutually agreed upon by the Owner and the Contractor;
2. If the time required for performance of the Change Order Work does not have an unavoidable direct delaying effect on the primary sequence of Work activities but is ordered by the Owner at a time such that insufficient Contract Time remains for completion of the Change Order Work (and any limited number of contingent Work activities), the Contract Time may be extended by the minimum number of days required for the Change Order Work as mutually agreed upon by the Owner and the Contractor but only for the Change Order Work and contingent activities, all other unaffected Work shall be performed within the Contract Time;
3. Failure of the Owner and the Contractor to agree on a Contract Time extension as specified in 8.4.1.1 and 8.4.1.2 above shall not relieve the Contractor from proceeding with and performing the Change Order Work promptly, as well as in such manner as to have minimal delaying effects on all remaining Work to be performed under the Contract. Such disagreement shall be resolved as soon as practical by negotiation.

8.5 LIQUIDATED DAMAGES FOR DELAY

8.5.1 The damages incurred by the Owner due to the Contractor's failure to complete the Work within required Milestone dates and the Contract Time, including any extensions thereof, shall be in the amount set forth in the Owner-Contractor Agreement, for each consecutive day beyond the Milestone dates or the Contract Time (Sundays and all holidays included) for which the Contractor fails to complete the Work.

8.5.2 The amount of liquidated damages provided in Article 4 of this Contract is neither a penalty nor a forfeiture and shall compensate the Owner solely for the Owner's inability to use the Work for its fully intended purpose, and is not intended to, nor does said amount include: (1) any damages, additional or extended costs, incurred by the Owner for extended administration of this Contract, or by the Owner's agents, consultants or independent contractors for extended administration of this Contract, or (2) any additional services, relating to or arising as a result of the delay in the completion of the Work. Owner shall be entitled to claim against Contractor for its actual damages and any amounts not specifically included within the liquidated damages as set forth herein. Such costs shall be computed separately and

together with liquidated damages, either deducted from the Contract Sum or billed to the Contractor, at the option of the Owner.

8.6 TIME EXTENSIONS FOR WEATHER

8.6.1 The Contract Time will not be extended due to inclement weather conditions which are normal to the general locality of Work site.

8.6.2 The Contractor, in his planning and scheduling of the Work as required by the Contract Documents, shall allow for the normal inclement weather for the locality of the Work site. If the Contractor believes that the Progress of the Work has been adversely affected and that it will directly result in a failure to meet a Contract Milestone date or Completion within the Contract Time, by weather conditions above and beyond the amount normally expected, he shall submit a written request to the Owner with a copy to the A/E for an Extension of Time, pursuant to Paragraph 8.3.

8.6.3 Such request shall be evaluated by the Owner in accordance with the provisions of the Contract Documents and shall include a comparison of actual weather statistics compiled by the Project Manager, for the time of year, locality of the particular Work site with the days claimed by the Contractor and the anticipated normal inclement weather as stated in subparagraph 8.6.1. The normal inclement weather expected has been included in the designated Contract time for completion. The decision of the Owner shall be final.

8.6.4 The Contractor shall not be entitled to any money damages whatsoever for any delays resulting from inclement weather, whether normal or abnormal, foreseeable or unforeseeable. The Contractor and Owner stipulate and agree that for delays due to weather as determined in 8.6.3, the Contractor's sole relief is a time extension granted in accordance with this Article 8.6.

ARTICLE 9

PAYMENTS AND COMPLETION

9.1 **CONTRACT SUM**

9.1.1 The Contract Sum is stated in the Owner-Contractor Agreement and, including authorized adjustments thereto, is the total amount payable by the Owner to the Contractor for the performance of the Work under the Contract Documents. The Contract Sum includes, but is not limited to, the Contractor's profit and general overhead and all costs and expenses of any nature whatsoever (including without limitation taxes, labor and materials), foreseen or unforeseen, and any increases in said costs and expenses, foreseen or unforeseen, incurred by the Contractor in connection with the performance of the Work, all of which costs and expenses shall be borne solely by the Contractor. The Contractor agrees to assume all increases in costs of any nature whatsoever that may develop during the performance of the Work.

9.2 **SCHEDULE OF VALUES**

9.2.1 For Lump Sum type contracts, the Contractor shall utilize the payment request form furnished by the Owner. The Contractor shall provide a more detailed cost breakdown when so requested by the Owner.

9.3 **APPLICATION FOR PAYMENT**

9.3.1 The Contractor shall submit to the A/E four (4) originally executed, itemized Application for Payment and one (1) copy to the Owner on or before the day of each month designated in Article 6 of the Owner-Contractor Agreement. The Application for Payment shall be notarized, indicate in complete detail all labor and material incorporated in the Work during the month prior to submission, and supported by such data substantiating the Contractor's payment request as the Owner may require. The Contractor shall also certify that due and payable amounts and bills have been paid by the Contractor for Work for which previous Certificates of Payment were issued and payments received from the Owner.

9.3.2 **INTENTIONALLY OMITTED**

9.3.2.1 Unless otherwise provided for in the Special Conditions, Section F, no payment will be made for any materials stored off or away from the Work site.

9.3.3 The Contractor warrants that title to all Work, materials and equipment covered by an Application for Payment will pass to the Owner either by incorporation in the construction or upon the receipt of payment by the Contractor, whichever occurs first, free and clear of all liens, claims, security interests or encumbrances, hereinafter referred to as "liens"; and that no Work, materials or equipment covered by an Application for Payment will have been acquired by the Contractor or by any other person performing Work at the site or furnishing materials and equipment for the Project, subject to an agreement under which an interest therein or an encumbrance thereon is retained by the seller or otherwise imposed by the Contractor or such other person.

9.3.4 The Contractor's Application for Payment shall provide that the payment request attests that all Work for which the request is made has been completed in full according to the drawings, specifications and other terms of the Contract Documents. By submitting his Application for Payment, the Contractor also represents that he has no knowledge that any Subcontractor or suppliers have not been fully and timely paid and that, insofar as he knows, the only outstanding items for payment with respect to the Contract are those to be paid from the funds for which Application is being made.

9.4 CERTIFICATES FOR PAYMENT

9.4.1 The A/E will, within seven (7) calendar days after the receipt of the Contractor's Application for Payment, recommend a Certificate for Payment to the Owner. This recommendation shall be for such amount as the A/E determines is properly due, with his reasons for withholding or adjusting a Certificate as provided in Paragraph 9.6, if any.

9.4.2 After the Certificate for Payment is recommended by the A/E, the Owner will review it and make any changes deemed necessary by the Owner's Representative. The recommendation of the Certificate for Payment by the A/E does not waive or limit the Owners right to reduce the amount of the payment due to the Contractor as determined to be appropriate by the Owner.

9.4.3 The recommendation of a Certificate for Payment will constitute a representation by the A/E to the Owner, based on his observations at the site as provided in Article 2 hereof and the data comprising the Application for Payment, that the Work has progressed to the point indicated; that, to the best of his knowledge, information and belief: (1) the quality of the Work is in accordance with the Contract Documents (subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial or Final Completion, to the results of any subsequent tests required by or performed under the Contract Documents, to minor deviations from the Contract Documents correctable prior to completion, and to any specific qualifications stated in his Certificate); and that (2) the Contractor is entitled to payment in the amount certified. However, by recommending a Certificate for Payment, the A/E shall not thereby be deemed to represent that he has made exhaustive or continuous on-site inspections to check the quality or quantity of the Work or that he has reviewed the construction means, methods, techniques, sequences or procedures, or that he has made any examination to ascertain how or for what purpose the Contractor has used the moneys previously paid on account of the Contract Sum.

9.5 PROGRESS PAYMENTS

9.5.1 The Owner shall make payment within seventeen (17) calendar days after receipt of the Certificate of Payment from the A/E based upon the Owner's approval or adjustment of said Certificate. The Contractor shall be paid the amount approved or adjusted by the Owner, less 5% retainage which is being held to assure faithful performance; provided however, that said retainage is not applicable to Time and Material Change Orders.

9.5.1.1 In the event the Contractor is allowed by law to use the escrow account procedure, and the Owner includes the "Escrow Agreement" form in the contract documents, six copies with original signatures and seals of the "Escrow Agreement" form included in the Bid Documents, shall be executed and submitted to the Owner, within fifteen (15) calendar days after receipt by the Contractor of Notice of Award. If the "Escrow Agreement" form is not submitted as noted herein, the Contractor shall forfeit such rights to the use of the escrow account procedure.

9.5.1.2 In order to have retained funds paid to an escrow agent, the Contractor, the escrow agent and the surety shall execute an "Escrow Agreement" form and submit same to the Owner for approval. The Contractor's escrow agent shall be a trust company, bank or savings and loan institution and shall be a qualified Public

Depository as defined in Section 2.2-4401 of the Code of Virginia, with its principal office located in the Commonwealth of Virginia. The "Escrow Agreement" form shall contain the complete address of the escrow agent and surety, and the executed "Escrow Agreement" will be authority for the Town of Vienna to make payment of retained funds to the escrow agent. The Contractor shall provide notice in any subcontract for this project which provides for similar progress payments that the subcontract is subject to the provisions of Section 2.2-4354 of the Code of Virginia. After approving the Agreement, the Owner will pay to the escrow agent the funds retained as provided herein. Funds retained for lack of progress or other deficiencies on the part of the Contractor will not be paid to the escrow agent. The escrow agent may, in accordance with the stipulations contained in the "Escrow Agreement", invest the funds paid into the escrow account and pay earnings on such investments to the Contractor or release the funds to the Contractor provided such funds are fully secured by approved securities as listed in the Escrow Agreement Form.

- 9.5.1.3 In relation to punch list or other uncompleted Work and in lieu of a portion of the above specified five percent 5% retainage, the Owner may, at his sole discretion, elect to retain fixed amounts directly relating to the various items of uncompleted Work. All amounts withheld shall be included in the Final Payment.
- 9.5.2 The Contractor shall, within seven (7) days after receiving payment from the Owner, do one of the following:
 - 1. Pay all Subcontractors for the proportionate share of the total payment received from the Owner for Work performed by each Subcontractor under the contract;
 - 2. Notify the Owner and Subcontractor(s), in writing, of his intention to withhold all or part of the Subcontractor's payment with the reason for nonpayment.
- 9.5.3 The Contractor shall make payment to Subcontractors as heretofore specified. Each payment shall reflect the percentage actually retained, if any, from payments to the Contractor on account of such Subcontractor's Work.
- 9.5.4 The Contractor shall provide the Owner with his social security number, if an individual and their federal identification number if a corporation, partnership, or proprietorship.
- 9.5.5 The Contractor shall be obligated to pay unpaid Subcontractors interest on payments which are not made in accordance with this Article 9.5. The rate of interest shall be the legal prevailing rate at the time of nonpayment. The Contractor shall, by an appropriate agreement with each Subcontractor require each Subcontractor to make payments to his sub-subcontractors according to all the same requirements as provided in this Article 9.5.
- 9.5.6 The Owner may, upon written request, furnish to any Subcontractor, if practicable, information regarding the percentages of completion or the amounts applied for by the Contractor and the action taken thereon by the Owner on account of Work done by such Subcontractor.
- 9.5.7 Neither the Owner nor the A/E shall have any obligation to pay or ensure the payment of any monies to any Subcontractor except as may otherwise be required by law.
- 9.5.8 No Certificate for a progress payment, nor any progress payment, nor any partial or entire use or occupancy of the Project by the Owner, shall constitute an acceptance of any Work not in accordance with the Contract Documents.

9.6 PAYMENTS WITHHELD

- 9.6.1 The Owner may withhold the payment in whole or in part, if necessary to reasonably protect the Owner. If the A/E is unable to make representations as provided in subparagraph 9.4.3 and to recommend payment in the amount of the application, he will notify the Owner as provided in subparagraph 9.4.1. If the Contractor and the Owner cannot agree on a revised amount, the Owner will promptly issue a Certificate

for Payment for the amount for which he is able to make representations with respect to payment due for Work performed. The Owner may also decline to certify or make payment or, because of subsequently discovered evidence or subsequent observations, they may nullify the whole or any part of any Certificate for Payment previously issued.

9.6.2 The Owner may withhold from the Contractor so much of any approved payment due him as determined in the judgment of the Owner to be necessary:

1. To protect the Owner from loss due to defective Work not remedied;
2. To protect the Owner upon notice of the filing in court or in an arbitration proceeding as may be required in any third party contract, of verified claims of any persons supplying labor or materials for the Work, or other verified third party claims;
3. To protect the Owner upon reasonable evidence that the Work will not be completed for the unpaid balance of the Contract Sum;
4. To protect the Owner upon reasonable evidence that the Work will not be completed within the Contract Time, or any Contract Milestones as established by this Contract;
5. To protect the Owner upon the Contractor's failure to properly schedule and coordinate the Work in accordance with or as required by the Contract Documents, or failure to provide progress charts, revisions, updates or other up-to-date scheduling data as required by the Contract Documents, or upon the Contractor's failure to provide as-built drawings as required herein, or upon Contractor's failure to otherwise substantially or materially comply with the Contract Documents.

9.6.3 The Contractor shall, concurrent with his submission of the Construction Schedule, submit a practicable and realistic payment schedule showing the dates on which the Contractor will submit each and every Application for Payment and the amount he expects to receive for each and every monthly progress payment. If during the performance of the Work, the Contractor expects to receive an amount for a monthly progress payment larger than that indicated on the payment schedule; the Contractor shall notify the Owner at least thirty (30) days in advance of that payment such that the necessary allocation of funds can be processed. In the event the Contractor fails to submit a practicable and realistic payment schedule, the Contractor's Application for Payment shall be honored only to the extent that the Work is actually performed and that the proportion of payments made to the Contract Sum does not exceed the proportion of the Contract Time expired as of the time of the request.

9.7 PROMPT PAYMENT

Pursuant to provisions of *Section 2.2-4352* of the Code of Virginia, the Town shall make payment not more than forty-five days after goods or services are received or not more than forty-five days (45) after the invoice is rendered, whichever is later. The Town shall pay interest in the event that payment against "proper" invoices is not made as prescribed in accordance with said section.

9.8 SUBSTANTIAL COMPLETION AND GUARANTEE BOND

INTENTIONALLY OMMITTED

9.9 FINAL COMPLETION AND FINAL PAYMENT

9.9.1 For all highway utility projects, and any other projects that may be so designated by the Owner, a Certificate of Final Completion shall be issued by the A/E prior to final payment. At the Owner's sole option, this Final Completion Certificate may operate in lieu of a Certificate of Substantial Completion. The

Contractor, prior to application for Final Payment and within the time specified for completion of the Work, shall complete all Work, to include punch list items and provide operating manuals and as-built data including updated technical drawings discussed in paragraph 4.13, for the Work, as completed and in place. Said Certificate of Final Completion shall be issued, even if a Certificate of Substantial Completion has been issued previously and temporary authority to operate the Work has been granted.

- 9.9.1.1 The Certificate of Final Completion shall certify that all Work has been completed substantially in accordance with Contract Documents and is ready for use by the Owner.
- 9.9.2 For all projects where Substantial Completion Certificates have been issued for various portions of the Work at differing times, the Contractor shall request and the Owner shall, prior to final payment, issue a Certificate of Final Completion which certifies that all required Work, including punch list items, has been completed in accordance with the Contract Documents.
- 9.9.3 Neither the final payment nor any remaining retainage shall become due until the Contractor submits to the A/E all of the following the following:
1. An Application for Payment for all remaining monies due under the Contract;
 2. Consent of surety, if any, to final payment, unless otherwise waived by the Owner;
 3. If required by the Owner, other data establishing payment or satisfaction of all such obligations, such as receipts, releases and waivers of claims arising out of the Contract, to the extent and in such form as may be designated by the Owner. If any Subcontractor refuses to furnish waiver of claims satisfactory to the Owner, the Contractor may furnish a bond satisfactory to the Owner to indemnify him against any such claim. If any such claim remains unsatisfied after all payments are made, the Contractor shall refund to the Owner all monies that the latter may be compelled to pay in discharging such claim, including all costs and reasonable attorneys' fees;
 4. As-built drawings, operation and maintenance manuals and other project close-out submittals, as required by the Contract Documents;
 5. Construction releases as required by the Contract Documents from each property owner on whose property an easement for construction of this project has been obtained by the Owner, such release to be in the forms to be provided by the Owner. This release is for the purpose of releasing the Owner and the Contractor from liability, claims, and damages arising from construction operations on or adjacent to the easement and includes proper restoration of the property after construction. It shall be the Contractor's sole responsibility to obtain all such releases and furnish them to the Owner; and
 6. A written certification that:
 1. The Contractor has reviewed the requirements of the Contract Documents,
 2. The Work has been inspected by the Contractor for compliance with all requirements of the Contract Documents,
 3. Pursuant to this inspection, the Contractor certifies and represents that the Work complies in all respects with the requirements of the Contract Documents,
 4. The Contractor further certifies and represents that all equipment and systems have been installed in accordance with the Contract Documents and have been tested in accordance with specification requirements and are operational,
 5. The Contractor hereby certifies and represents that the Work is complete in all respects and ready for final inspection.
- 9.9.4 Upon receipt of the documents required in subparagraph 9.9.3 and upon receipt of a final Application for Payment, the Owner will promptly make such final inspection and, when he finds the Work acceptable under the Contract Documents and the Contract fully performed, he will promptly issue a final Certificate

for Payment and, if required, a Final Certificate of Completion stating that to the best of his knowledge, information and belief, and on the basis of his observations and inspections, the Work has been completed in accordance with the terms and conditions of the Contract Documents and that the entire balance designated in the final certificate for payment is due and payable. The Owner's final Certificate for Payment will constitute a further representation that the conditions precedent to the Contractor's being entitled to final payment as set forth in Subparagraph 9.9.4 have been fulfilled. Payment shall be made in full to the Contractor within thirty (30) calendar days of the date of the A/E's final Certificate of Payment provided that the requirements of Article 9 have been fulfilled, except for an amount mutually agreed upon for any Work remaining uncompleted for which the Owner is entitled a credit under the Contract Documents. All prior estimates and payments, including those relating to change order Work shall be subject to correction by this final payment.

- 9.9.5 If, after Substantial Completion of the Work, final completion thereof is materially delayed through no fault of the Contractor or by the issuance of Change Orders affecting final completion, and the A/E so confirms, the Owner shall, upon application by the Contractor and certification by the A/E, and without terminating the Contract, make payment of the balance due for that portion of the Work fully completed and accepted. If the remaining balance for Work not fully completed or corrected is less than the retainage stipulated in the Contract Documents, and if bonds have been furnished in accordance with the Contract Documents, the written consent of the surety to the payment of the balance due for that portion of the Work fully completed and accepted shall be submitted by the Contractor to the A/E prior to certification of such payment. Such payment shall be made under the terms and conditions governing final payment, except that it shall not constitute a waiver of claims.
- 9.9.6 The making of Final Payment shall constitute a waiver of all claims by the Owner, except those arising from any of the following:
1. Unsettled claims;
 2. Faulty, defective, or non-conforming Work discovered or appearing after Substantial or Final Completion;
 3. Failure of the Work to comply with the requirements of the Contract Documents;
 4. Terms of any warranties or guarantees required by the Contract Documents;
 5. Fraud or bad faith committed by the Contractor or any subcontractor or supplier during performance of Work discovered by Owner after Final Payment.
- 9.9.7 The acceptance of Final Payment shall constitute a waiver of all claims by the Contractor, except those previously made in writing and so identified by the Contractor, as unsettled at the time of the final Application for Payment. No payment, final or otherwise, shall operate to release the Contractor or his sureties from any obligations under this Contract or the Performance or the Guarantee Bonds.

ARTICLE 10

The Contractor shall perform such restoration by underpinning, repairing, rebuilding, replanting, or otherwise restoring as may be required or directed by the Owner, or shall make good such damage in a satisfactory and acceptable manner. ARTICLE 11

CHANGES AND MODIFICATIONS IN THE WORK

11.1 **CHANGES IN THE WORK**

11.1.1 The Owner, without invalidating the Contract and without notice to the surety, may order a Change or Modification in the Work consisting of additions, deletions or other revisions to the general scope of the Contract, or changes in the sequence of the performance of the Work. The Contract Sum and the Contract Time shall be adjusted accordingly. All such Modifications in the Work shall be authorized by Change Order, and all Work involved in a Change shall be performed in accordance with the terms and conditions of this Contract. If the Contractor should proceed with a Change in the Work upon an oral order, by whomsoever given, it shall constitute a waiver by the Contractor of any claim for an increase in the Contract Sum and/or Contract Time, on account thereof.

11.1.2 When the Owner and Contractor have agreed upon a Modification in the Work, but a written Change Order Document has not yet been executed, the Owner may, at its sole discretion and option, direct in writing the Contractor to proceed with the Change in the Work pending the execution of the formal Change Order. Contractor shall proceed in accordance with such direction.

11.2 **FIELD ORDER**

11.2.1 A Field Order is a written order to the Contractor signed by the Owner or A/E interpreting or clarifying the Contract Documents or directing the Contractor to perform minor changes in the Work. Any Work relating to the issuance of a Field Order shall be performed promptly and expeditiously and without additional cost to the Owner and within the Contract Time, unless the Contractor submits a Proposed Change Order, defined below, which is approved by the Owner. Field Orders shall be numbered consecutively by date of issuance by the Owner or A/E.

11.3 **REQUEST FOR PROPOSAL**

11.3.1 A Request For Proposal describes a proposed Change in the Work. The Contractor is required to submit a complete proposal for the total cost and additional time, if any, necessary to perform the proposed Change in the Work. Requests For Proposals shall be numbered consecutively by date of issuance by the Owner.

11.4 **PROPOSED CHANGE ORDER**

11.4.1 A Proposed Change Order is a written request from the Contractor to the Owner requesting a change in the Contract Amount and/or Contract Time. A Proposed Change Order is submitted as a proposal in response to a Request For Proposal or as a claim for an increase in the Contract Sum or Contract Time pursuant to the issuance of a Field Order. A Proposed Change Order must be submitted within twenty (20) days of the issuance of a Request For Proposal or a Field Order. Proposed Change Orders shall be

numbered consecutively by date of issuance by the Contractor. The Contractor shall also indicate on the Proposed Change Order the number of the Request For Proposal or the Field Order to which it responds.

- 11.4.2 In the case of a unit price contract, it is understood and agreed by the Contractor that the estimates of the quantities in unit price items are approximate only and presented solely for the purpose of comparing bids and may not represent the actual amount of Work to be performed. The Contractor, therefore, understands and agrees that the Owner reserves the right to increase, decrease or eliminate entirely the quantity of Work to be done under any item. If called upon to do more Work under any unit price item named in the bidding quantity basis Bidding Documents, he will perform all such additional Work and accept as payment the unit price named in the proposal, subject to the 20% deviation limitations specified in subparagraph 11.4.2.2.
- 11.4.2.1 The Contractor's Proposed Change Order shall be determined by applicable unit prices, if any, as set forth in the Contract.
- 11.4.2.2 However, if changes in quantities are greater or lesser than twenty percent (20%) of the original bid quantity the Owner or the Contractor shall have the right to review the unit price and negotiate a new unit price for the quantity greater than 120% or less than 80% of the original bid quantity.
- 11.4.2.3 It shall be understood that such unit prices shall constitute full payment for the extra Work performed, including plant, materials, labor, equipment, overhead, profit, and safety requirements.
- 11.4.3 If no such unit prices are set forth, and unless otherwise approved by the Owner, the Contractor's proposal shall be on a lump sum basis and shall be itemized and segregated by labor, equipment, and materials for the various components of the Change in the Work (no aggregate labor total will be acceptable) and shall be accompanied by signed proposals of any Subcontractors who will perform any portion of the Change in the Work and of any persons who will provide materials or equipment for incorporation therein.
- 11.4.3.1 The portion of the proposal relating to labor, whether by the Contractor's forces or the forces of any of its Subcontractors, may include reasonably anticipated gross wages of Job Site labor, including foremen, who will be directly involved in the Change in the Work (for such time as they will be so involved), plus payroll costs (including premium costs of overtime labor, if overtime is authorized, Social Security, Federal or State unemployment insurance taxes and fringe benefits required by collective bargaining agreements entered into by the Contractor or any such Subcontractor in connection with such labor).
- 11.4.3.2 The portion of the proposal relating to materials may include the reasonably anticipated direct costs to the Contractor or to any of its Subcontractors of materials to be purchased for incorporation in the Change in the Work, plus transportation and applicable sales or use taxes.
- 11.4.3.3 The proposal may further include the Contractor's and any of his Subcontractor's reasonably anticipated equipment rental costs, except small hand tools, in connection with the Change in the Work. For rented equipment an hourly rental rate will be used which will be determined by using the monthly rental rates taken from the current edition of the Rental Rate Blue Book for Construction Equipment and dividing it by 176. An allowance will be made for operating costs for each and every hour the equipment is actually operating in accordance with the rates listed in the aforesaid Rental Book. The Contractor will be allowed only 65% of the rental rate on Contractor owned equipment.
- 11.4.4 Base Cost is defined as the total of labor, material and equipment rentals as described in subparagraphs 11.4.3.1, 11.4.3.2 and 11.4.3.3. The actual net cost in money to the Owner for the Change in the Work shall be computed as follows:
1. If the Contractor performs the Change in the Work, his compensation will be the Base Costs as described above, plus a mark-up of 20% or \$2,000, which ever is greater for overhead and profit.
 2. If the Work is performed by a bona fide Subcontractor, his compensation will be the Base Costs as described above plus a mark-up as described in Paragraph 11.4.4.1 for overhead and profit. The

Contractor's compensation will be a mark-up of ten percent (10%) of the Subcontractors Base Costs for his overhead and profit.

3. If the Work is performed by a bona fide Sub-subcontractor, his compensation will be the Base Costs as herein described plus a mark-up as described in Paragraph 11.4.4.1 for overhead and profit. The Subcontractors compensation will be a mark-up of ten percent (10%) of the Sub-subcontractor's Base Costs for his overhead. The Subcontractor's compensation will be a mark-up of ten percent (10%) of the Sub-subcontractor Base Costs for his overhead and profit.

11.4.5 The mark-up on the cost of labor, materials, and equipment described in Paragraphs 11.4.4.1, 11.4.4.2, and 11.4.4.3 shall compensate the Contractor or Subcontractor and Sub-subcontractor for all indirect costs associated with or relating to the Change in the Work including, but not limited to, labor and/or equipment inefficiency, changes in sequence, delays, interferences, impact on unchanged Work, gross receipts tax, superintendent, small tools, reproduction, administration, document preparation, insurance, unrelated safety requirements, temporary structures and offices, all other general and administrative, home office and field office expenses.

11.4.5.1 The mark-up on the cost of labor, materials, and equipment described in Paragraphs 11.4.4.2 and 11.4.4.3 shall compensate the Contractor or Subcontractor for all indirect costs associated with or relating to the change in the Work including but not limited to, gross receipt tax, superintendent, reproduction, administration, and insurance.

11.4.5.2 In event of a contract completion date time extension of unreasonable duration, the Contractor, shall also be compensated for additional costs of Superintendent, field office, and safety requirements, without mark-up, as they are related to the cause of the time extension.

11.4.6 In the event that it is necessary to increase the Contract Time in order to perform the Change in the Work, the Contractor shall provide an estimate of the increase in the Contract Time which shall be negotiated by the parties to the contract. The Contractor's request for a time extension shall be evaluated in accordance with the criteria described in Article 8.3.

11.4.7 If the Contractor's Proposed Change Order is rejected by the Owner as being within the scope of the Work required by the Contract Documents the Owner may, at its sole option and discretion, direct the Contractor to perform the Work which is the subject of the said Proposed Change Order; the Contractor shall then promptly proceed with said Work. Nothing herein shall excuse the timely performance by the Contractor of the Work because any Proposed Change Order is pending.

11.5 CHANGE ORDER

11.5.1 A Change Order is a written order to the Contractor signed by the Owner and the A/E, issued after execution of the Contract, authorizing a Change in the Work or an adjustment in the Contract Sum and/or the Contract Time. The Contract Sum and the Contract Time may be changed only by Change Order. A Change Order signed by the Contractor indicates his agreement therewith, including the adjustment in the Contract Sum and/or the Contract Time. Change Orders shall be numbered consecutively by date of issuance by the Owner and shall, if applicable, indicate the number of the Field Order(s), Request For Proposal(s) and/or Proposed Change Order(s) to which it relates.

11.5.1.1 If the Owner determines that the Contractor's Proposed Change Order, submitted pursuant to Article 11 for a change in the Contract Sum or Contract Time, is acceptable, the Owner shall prepare and issue, or cause to be prepared and issued, a Change Order which will authorize the Contractor to proceed with the Change in the Work for the cost and time stated in the Proposed Change Order, or as otherwise may be agreed upon by the parties. The amounts stated in the Change Order for the cost and time to perform the Change in the Work shall be binding on the parties upon acceptance.

- 11.5.2 After issuance of the Change Order, the Contractor shall ensure that the amount of the Performance and Payment Bond coverage has been revised to reflect the increase in the Contract Sum due to the Change Order.
- 11.5.3 If the Contractor's Proposed Change Order is not acceptable to the Owner or if the parties are unable to otherwise agree as to the cost and time necessary to perform the Change in the Work, the Owner may, at its sole option and discretion, direct the Contractor to perform the Work on a time and material basis. The Contractor shall then promptly proceed with the Work.
- 11.5.4 If the Owner elects to have the Change in the Work performed on a time and material basis, the same shall be performed, whether by the Contractor's forces or the forces of any of its Subcontractors or Sub-subcontractor's, at actual cost to the entity performing the Change in the Work (without any charge for administration, clerical expense, supervision or superintendent of any nature whatsoever. The percent mark-ups for the Contractor, Subcontractors and Sub-subcontractor's shall be as described in subparagraphs 11.4.4 and 11.4.5.
- 11.5.4.1 Prior to starting the Work on a time and material basis, the Contractor shall notify the Owner in writing as to what labor, materials, equipment or rentals are to be used for the Change in the Work. During the performance of the Change, the Contractor shall submit to the Owner daily time and material tickets, which shall list the categories and amounts of labor and equipment for which Change Order compensation is to be charged for the previous Work day. Such tickets shall specifically include the following information: location and description of the Change in the Work, the classification of labor employed, including names and social security numbers of laborers, labor trades used, manhours, wage rates, insurance, taxes and fringe benefits, equipment and materials suppliers' quotations with detailed break-out and pricing, rental equipment hours and rates, and materials quantities and unit prices and such other evidence of cost as the Owner may require.
- 11.5.4.2 The Contractor shall commence submission of daily time and material tickets immediately upon commencement of the Change Order Work and continue to submit them until completion of the Change Order Work. The Owner may require authentication of all time and material tickets and invoices by persons designated by the Owner for such purpose.
- 11.5.4.3 The failure of the Contractor to provide any required authentication shall, if the Owner elects to treat it as such, constitute a waiver by the Contractor of any claim for the cost of that portion of the Change in the Work covered by a non-authenticated ticket or invoice; provided, however, that the authentication of any such ticket or invoice by the Owner shall not constitute an acknowledgment by the Owner that the items thereon were reasonably required for the Change in the Work.
- 11.5.4.4 For any Work performed on a time and material basis, the Contractor shall submit its complete submission of the reasonable actual cost and time to perform the Change in the Work within twenty (20) days after such Work has been completed or within such other longer period as the Owner may agree in writing to allow. The Owner and the A/E shall review the costs and time submitted by the Contractor on the basis of reasonable expenditures and savings of those performing the Change in the Work. If such costs and time are acceptable to the Owner, or if the parties otherwise agree to the actual reasonable cost to perform the Change in the Work, a Change Order will be issued for the cost and time agreed upon. The amounts stated in the Change Order for the cost and time to perform the Change in the Work shall be binding upon the parties.
- 11.5.5 The Contractor shall be entitled to costs as provided for in Article 11 which the Contractor, its Subcontractors, or Sub-subcontractors may incur as a result of delays, interferences, suspensions, changes in sequence or the like, which are unreasonable arising from the performance of any and all changes in the Work, caused by acts or omissions of the Owner, performed pursuant to this Article 11.

11.6 UNILATERAL CHANGE ORDER

11.6.1 In the event that the parties are unable to agree as to the reasonable cost and time to perform the Change in the Work and the Owner does not elect to have the Change in the Work performed on a time and material basis, the Owner shall make a unilateral determination of the reasonable cost and time to perform the Change in the Work, based upon his own estimates, the Contractor's submission or a combination thereof. A Change Order shall be issued for the amounts of cost and time determined by the Owner and shall become binding upon the Contractor unless the Contractor submits its protest in writing to the Owner within thirty (30) days of the issuance of the Change Order. The procedure for the resolution of the Contractor's protest shall be as described in Article 11.10. Owner has the right to direct in writing the Contractor to perform the Change in the Work, which is the subject of such Unilateral Change Order. Failure of the parties to reach agreement regarding the cost and time of performing the Change in the Work, or any pending protest, shall not relieve the Contractor from performing the Change in the Work promptly and expeditiously.

11.7 DECREASES AND WORK NOT PERFORMED

11.7.1 Should it be deemed expedient by the Owner at any time that, while works are in progress, to decrease the dimensions, quantity of material or Work or vary in any other way the Work herein contracted for, the Owner shall have the full power to do so, and shall order and direct, in writing, such decreases to be made or performed without, in any way, affecting the enforcement of said Contract. The Contractor shall, in pursuance of such written orders and directions from the said Owner, execute the Work thereby ordered and directed, and the difference in expense occasioned by such decrease or diminution so ordered shall be deducted from the amount payable under this Contract.

11.7.2 If contracted Work is not performed, and such deletion of Work is not approved by the Owner, the Owner shall ascertain the amount of the credit due the Owner based on the reasonable value for completing the deleted Work as a separate project. Calculation of credit due may include without limitation, labor, materials, contractor mobilization and administration costs.

11.7.3 If Work is deleted from the Contract by Change Order, the amounts to be credited to the Owner shall reflect the same current pricing as if the Work were being added to the Contract at the time the deletion is ordered, and documentation will be required for a credit as specified in Article 11.5.4. If such deleted materials and equipment shall have already been purchased and stored on site and cannot be used in other projects, returned for credit or cannot be returned for credit at the price paid by the Contractor at the time of purchase, the Contractor shall be entitled, upon proper documentation and certification, to an adjustment in the pricing of the credit to avoid hardship to the Contractor. If necessary in order to establish such reasonable value, the Contractor may be required to submit a detailed breakdown of his original bid for the items or Work involved.

11.8 CHANGES IN LINE AND GRADE

11.8.1 The Owner reserves the right to make such alterations in the line and grade of various structures or pipe lines shown on the drawings, as may be necessitated by conditions found during construction or that in the judgment of the Owner or A/E appears advisable. The Contractor shall not claim forfeiture of Contract by reason of such changes by the Owner. In case of a unit price contract, if such changes increase the amount of the Work or materials, the Contractor will be paid according to the quantity of Work actually done at the prices established for such Work under the Contract.

11.8.2 In case of a lump sum contract, the price for the Work shall be negotiated as herein provided. If such alterations or changes diminish the quantity of Work to be done, they shall not constitute a claim for damages or for loss of anticipated profits in the Work which may be dispensed with, and the Work as constructed shall be paid for in accordance with the Contract prices as established for such Work under this Contract, as stated in the proposal submitted by the Contractor.

11.9 SUBSURFACE CONDITIONS FOUND DIFFERENT

11.9.1 Should the Contractor encounter subsurface and/or latent conditions at the site materially differing from those shown on the drawings or indicated in the specifications, he shall immediately give notice to the Owner of such conditions before they are disturbed. The Owner shall thereupon promptly investigate the conditions and if he finds that they materially differ from those shown on the drawings or indicated in the specifications, he shall at once make such changes in the drawings and/or specifications as he may find necessary. Any increase or decrease of cost resulting from such changes shall be adjusted in the manner provided herein for adjustments as to extra and/or additional Work and changes.

11.10 CLAIMS FOR ADDITIONAL COST AND/OR TIME

11.10.1 If the Contractor wishes to make a claim for an increase in the Contract Sum and/or Contract Time, he shall give the Owner written notice thereof within seven (7) calendar days after the commencement of the event giving rise to such claim. This notice shall be given by the Contractor before proceeding to execute the Work, except in an emergency endangering life or property in which case the Contractor shall proceed as provided in Article 10. No claim shall be allowed and no amounts paid for any and all costs incurred if notice is not given to the Owner as herein provided. Any change in the Contract Sum and/or Contract Time resulting from such claim shall be authorized by Change Order. The Contractor's complete claim submittal, for an increase in the Contract Sum, shall be submitted no later than twenty (20) calendar days after the Work for which the claim is made has been completed or within such other longer period as the Owner may agree in writing to allow.

11.10.2 If the Contractor claims that additional cost or time is involved because of, but not limited to, (1) any written interpretation pursuant to Article 2, (2) any order by the Owner to stop the Work pursuant to Article 3 where the Contractor was not at fault, (3) failure of payment by the Owner pursuant to Article 9, or (4) any written order for a minor change in the Work issued pursuant to Article 11.8.1; the Contractor shall make such claim as provided in Subparagraph 11.10.1.

ARTICLE 12

UNCOVERING AND CORRECTION OF WORK

12.1 UNCOVERING OF WORK

12.1.1 If any portion of the Work should be covered contrary to: (1) the request of the A/E or Owner; (2) requirements specifically expressed in the Contract Documents; or (3) the requirements of applicable Construction Permits, it must, if required in writing by the Owner be uncovered for their observation and shall be replaced at the Contractor's expense.

12.1.2 If any other portion of the Work has been covered which the Owner has not specifically requested to observe prior to being covered, the A/E or Owner may request to see such Work and it shall be uncovered by the Contractor. If such Work be found in accordance with the Contract Documents, the cost of uncovering and replacement shall, by appropriate Change Order, be charged to the Owner. If such Work be found not in accordance with the Contract Documents, the Contractor shall pay such costs unless it be found that this condition was caused solely by the Owner, in which event the Owner shall be responsible for the payment of such costs. If such Work be found not in accordance with the Contract Documents and the condition was caused by a separate contractor, Contractor may proceed against said separate contractor as provided in Article 6.

12.2 WARRANTY AND CORRECTION OF WORK

12.2.1 The Contractor guarantees and warrants to the Owner all Work as follows:

1. That all materials and equipment furnished under this Contract will be new and the best of its respective kind unless otherwise specified;
2. That all Work will be of first-class quality and free of omissions and faulty, poor quality, imperfect or defective material or Workmanship;
3. That the Work shall be entirely watertight and leakproof in accordance with all applicable industry customs and practices, and shall be free of shrinkage and settlement which are attributable to defective materials or Workmanship;
4. That the Work, including but not limited to, mechanical and electrical machines, devices and equipment shall be fit and fully usable for its intended and specified purpose and shall operate satisfactorily with ordinary care;
5. That consistent with requirements of the Contract Documents the Work shall be installed and oriented in such a manner as to facilitate unrestricted access for the operation and maintenance of fixed equipment; and
6. That the Work will be free of abnormal or unusual deterioration which occurs because of poor quality materials or Workmanship.

12.2.2 All Work not conforming to guarantees and warranties specified in the Contract Documents, including substitutions not properly approved and authorized, may be considered defective. If required by the Owner, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

- 12.2.3 The Contractor shall within five (5) Working days after receipt of written notice from the Owner during the performance of the Work, reconstruct, replace or correct all Work rejected by the A/E or Owner as defective, as failing to conform to the Contract Documents, or as not in accordance with the guarantees and warranties specified in the Contract Documents whether observed before or after Substantial Completion and whether or not fabricated, installed or completed. The Contractor shall bear all costs of reconstructing, replacing or correcting such rejected Work, including compensation for the A/E's additional services made necessary thereby.
- 12.2.4 If, within one (1) year after the Date of Substantial or Final Completion of the Work or designated portion thereof or within one (1) year after acceptance by the Owner of designated equipment or within such longer period of time as may be prescribed by law or by the terms of any applicable special warranty required by the Contract Documents, any of the Work is found to be defective, not in accordance with the Contract Documents, or not in accordance with the guarantees and warranties specified in the Contract Documents, the Contractor shall correct it within five (5) Working days after receipt of a written notice from the Owner to do so unless the Owner has previously given the Contractor a written acceptance of such condition. This obligation shall survive termination of the Contract. The Owner shall give such notice promptly after discovery of the condition.
- 12.2.5 Subject to limitation as prescribed by law, if at any time deficiencies in the Work are discovered which are found to have resulted from fraud or misrepresentation, or an intent or attempt to defraud the Owner by the Contractor, any Subcontractor or Supplier, the Contractor will be liable for replacement or correction of such Work and any damages which Owner has incurred related thereto, regardless of the time limit of any guarantee or warranty.
- 12.2.6 Any materials or other portions of the Work, installed, furnished or stored on site which are not of the character or quality required by the specifications, or are otherwise not acceptable to the Owner, shall be immediately removed and replaced by the Contractor to the satisfaction of the Owner, when notified to do so by the Owner.
- 12.2.7 If the Contractor fails to correct defective or nonconforming Work as required by Articles 12.2.3 and 12.2.4, or if the Contractor fails to remove defective or nonconforming Work from the site, as required by Article 12.2.6, the Owner may elect to either correct such Work in accordance with Article 3.5 or remove and store materials and equipment at the expense of the Contractor. If the Contractor does not pay the cost of such removal and storage within ten (10) days thereafter, the Owner may upon ten additional days written notice sell such Work at auction or at private sale and shall account for the net proceeds thereof, after deducting all the costs that should have been borne by the Contractor, including compensation for the A/E's additional services made necessary thereby. If such proceeds of sale do not cover all costs which the Contractor should have borne, the difference shall be charged to the Contractor and an appropriate Change Order shall be issued. If the payments then or thereafter due the Contractor are not sufficient to cover such amount, the Contractor shall pay the difference to the Owner.
- 12.2.8 The Contractor shall bear the cost of making good all Work of the Owner, separate contractors or others, destroyed or damaged by such correction or removal required under this Article.

12.3 ACCEPTANCE OF FAULTY, DEFECTIVE OR NON-CONFORMING WORK

- 12.3.1 If the Owner prefers to accept faulty, defective or nonconforming Work, he may do so instead of requiring its removal and correction, in which case a Change Order will be issued at Owner option, to reflect a reduction in the Contract Sum in an amount to be determined by the Owner.

12.4 NO LIMITATION OF LIABILITY

12.4.1

Subject to limitation as prescribed by law, nothing contained in this Article shall be construed to establish a period of limitation with respect to any other obligation which the Contractor might have under the Contract Documents. The establishment of the time period of one (1) year after the Date of Substantial or Final Completion or such longer period of time as may be prescribed by law or by the terms of any warranty required by the Contract Documents relates only to the specific obligations of the Contractor to correct the Work, and has no relationship to the time within which his obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Contractor's liability with respect to his obligations other than specifically to correct the Work.

ARTICLE 13

TERMINATION OF THE CONTRACT

13.1 **CONTRACTOR'S RIGHT TO STOP WORK OR TERMINATE CONTRACT**

13.1.1 If the Work shall be stopped by order of the Court or any other public authority for a period of three (3) consecutive months without act or fault of the Contractor or any of his agents, servants, employees or Subcontractors, the Contractor may, upon ten (10) days notice to the Owner, discontinue his performance of the Work and/or terminate the Contract. The Contractor may recover from the Owner payment for all Work executed and for any proven loss sustained upon any materials, equipment, tools, construction equipment and machinery, including reasonable profit and damages. The Contractor shall not be obligated to pay to the Owner any excess of the expense of completing the Work over the unpaid balance of the compensation to be paid the Contractor hereunder.

13.2 **OWNER'S RIGHT TO TERMINATE CONTRACT FOR CAUSE**

13.2.1 The Owner, without prejudice to any other rights or remedy it may have, may by seven (7) days notice to the Contractor, terminate the employment of the Contractor and his right to proceed either as to the entire Work or, at the option of the Owner, as to any portion thereof and may take possession of the Work and complete the Work by contract or otherwise as the Owner may deem expedient if, in the opinion of the Owner:

1. The insolvency, bankruptcy or financial condition of the Contractor will hinder or impede the Contractor's fulfillment of all contractual obligations, including completion within the Contract Time; or
2. The Contractor shall refuse or fail, after Notice from the Owner, to supply enough properly skilled Workmen or proper material; or
3. The Contractor shall refuse or fail to prosecute the Work or any part thereof with such diligence as will insure its completion within the period herein specified, or any duly authorized extension thereof, or shall fail to complete the Work within said period; or
4. The Contractor shall fail to make prompt payment to persons supplying labor or materials for the Work; or
5. The Contractor shall refuse or fail to properly schedule and plan the Work, as specified herein, so as to perform the Work within the specified Milestone and Completion dates, or to provide scheduling or related information, revisions and updates as required by the Contract Documents; or
6. The Contractor shall fail or refuse to regard laws, permits, ordinances, resolutions, or the instructions of the Owner or A/E, or otherwise be guilty of a substantial violation of any provision of this contract.

13.2.2 If the Owner so terminates the employment of the Contractor, the Contractor shall not be entitled to receive any further payment until the Work is finished. If the unpaid balance of the compensation to be paid to the Contractor hereunder shall exceed the expense of so completing the Work (including compensation for additional managerial, administrative and inspection services and any damages for delay) such excess shall be paid to the Contractor.

13.2.3 If such expenses shall exceed the unpaid balance, the Contractor and his sureties shall be liable to the Owner for such excess. If the right of the Contractor to proceed with the Work is partially or fully terminated, the Owner may take possession of and utilize in completing the Work such materials, appliances, supplies, plant and equipment as may be on the site of the terminated portion of the Work and necessary for the completion of the Work. If the Owner does not fully terminate the right of the Contractor to proceed, the Contractor shall continue to perform the part of the Work that is not terminated.

13.3 OWNER'S RIGHT TO TERMINATE CONTRACT FOR CONVENIENCE

13.3.1 The performance of Work under this contract may be terminated by the Owner in accordance with this article in whole, or from time to time in part, whenever the Owner shall determine that such termination is in the best interest of the Owner. Any such termination shall be effected by delivery to the Contractor of a Notice of Termination specifying the extent to which performance of Work under the contract is terminated, and the date upon which such termination becomes effective.

13.3.2 After receipt of a Notice of Termination, the Contractor shall submit to the Owner his termination claim, in the form and with certification prescribed by the Owner. Such claim shall be submitted promptly but in no event later than three (3) months from the effective date of termination, unless one or more extensions in writing are granted by the Owner upon request of the Contractor made in writing within such three (3) month period or authorized extension thereof. However, if the Owner determines that the facts justify such action, he may receive and evaluate any such termination claim at any time after such three (3) month period or any extension thereof. Upon failure of the Contractor to submit his termination claim within the time allowed, the Owner may determine, on the basis of information available to him, the amount, if any, due to the Contractor by reason of the termination.

13.3.3 Subject to the provisions of subparagraph 13.3.2, the Contractor and the Owner may agree upon the whole or any part of the amount or amounts to be paid to the Contractor by reason of the total or partial termination of Work pursuant to this article, which amount or amounts may include a reasonable allowance for profit on Work completed; provided that such agreed amount or amounts, exclusive of settlement costs, shall not exceed the total contract price as reduced by the amount of payments otherwise made and as further reduced by the contract price of Work not terminated. The contract shall be amended accordingly, and the Contractor shall be paid the agreed amount if satisfactory to the Owner. Nothing in subparagraph 13.3.4 of this article, prescribing the amount to be paid to the Contractor in the event of failure of the Contractor and the Owner to agree upon the whole amount to be paid to the Contractor by reason of the termination of Work pursuant to this article shall be deemed to limit, restrict, or otherwise determine or affect the amount or amounts which may be agreed upon to be paid to the Contractor pursuant to this subparagraph 13.3.3.

13.3.4 In the event of the failure of the Contractor and the Owner to agree, as provided in subparagraph 13.3.3, upon the whole amount to be paid to the Contractor by reason of the termination of Work pursuant to this article, the Owner shall pay to the Contractor the amounts determined by the Owner as follows, but without duplication of any amounts agreed upon in accordance with subparagraph 13.3.3.

13.3.4.1 INTENTIONALLY OMITTED

13.3.4.2 INTENTIONALLY OMITTED

13.3.5 INTENTIONALLY OMITTED

13.3.6 INTENTIONALLY OMITTED

13.4 CONTRACTOR'S RESPONSIBILITIES UPON TERMINATION

13.4.1 After receipt of a Notice of Termination pursuant to Article 13.2 or 13.3 and except as otherwise directed by the Owner, the Contractor shall:

1. Stop Work under the contract on the date and to the extent specified in the Notice of Termination;
2. Place no further orders or subcontracts for materials, services or facilities, except as may be necessary for completion of such portion of the Work under the Contract as is not terminated;
3. Terminate all orders and subcontracts to the extent that they relate to the performance of Work terminated by the Notice of Termination;
4. At the option of the Owner, assign to the Owner, in the manner, at the time, and to the extent directed by the Owner, all of the right, title, and interest of the Contractor under the orders and subcontracts so terminated, in which case the Owner shall have the right, in its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts;
5. Settle all outstanding liabilities and all claims arising out of such termination of orders and subcontracts, with the approval or ratification of the Owner, to the extent he may require, which approval or ratification shall be final for all the purposes of this article;
6. Transfer title and deliver to the Owner in the manner, at the times, and to the extent, if any, directed by the Owner:
 1. The fabricated or unfabricated parts, Work in process, completed Work, supplies, and other material procured as a part of, or acquired in connection with the performance of, the Work terminated by the Notice of Termination, and
 2. The completed or partially completed drawings, releases, information, manuals and other property which, if the Contract had been completed, would have been required to be furnished to the Owner;
7. Use his best efforts to sell, in the manner, at the times, to the extent, and at the price or prices directed or authorized by the Owner, any property of the types referred to in 14.4.6 above, provided, however, that the Contractor:
 1. Shall not be required to extend credit to any purchaser, and
 2. May acquire any such property under the conditions prescribed by and at a price or prices approved by the Owner and provided further that the process of any such transfer or disposition shall be applied in reduction of any payments to be made by the Owner to the Contractor under this Contract or shall otherwise be credited to the price or cost of the Work covered by this Contract or paid in such other manner as the Owner may direct;
8. Complete performance of such part of the Work as shall not have been terminated by the Notice of Termination; and
9. Take such action as may be necessary, or as the Owner may direct, for the protection and preservation of the property related to this Contract which is in the possession of the Contractor and in which the Owner has or may acquire an interest.

13.5 DISPUTES UPON TERMINATION

13.5.1 The provisions of 7.4 shall be applicable to any claim, dispute or other matter arising because of termination under this Article 13.

Except as otherwise provided by regulation, all decisions to permit the correction or withdrawal of bids, or to cancel awards or contracts based on bid mistakes, shall be supported by a written determination made by the Purchasing Agent. No bid may be withdrawn when the result would be to award the contract on another bid of the same bidder or of another bidder in which the ownership of the withdrawing bidder is more than five percent (5%). If a bid is withdrawn, the lowest remaining bid shall be deemed to be the low bid. If the Purchasing Agent, the Using Department, or a designee of such, denies the withdrawal of a bid, he shall notify the bidder in writing stating his decision.
9. **TAXES:** The Town of Vienna is exempt from the payment of federal excise or state sales taxes on all tangible, personal property for its use or consumption except taxes paid on materials that will be installed by the bidder and become a part of real property.

IFB 16-04 VIENNA COMMUNITY CENTER RENOVATIONS AND EXPANSION

The taxes shall be an obligation of the successful bidder and not of the Town, and the Town shall be held harmless for same by the successful bidder.

The Purchasing Office will furnish a Tax Exemption Certificate (Form ST-12) upon request and if applicable to this contract.

When a bidder lists a separate tax charge on the Bid Form and the tax is not applicable to the purchase by the Town, the bidder will be allowed to delete the tax from its bid.

10. **USE OF BRAND NAME OR EQUAL:**

- a) Unless otherwise provided in the solicitation, the name of a certain brand, make or manufacturer does not restrict bidders/offers to the specific brand, make or manufacturer named, but conveys the general style, type, character, and quality of the article desired. Any article which the Town of Vienna, in its sole discretion, determines to be equal to that specified, considering quality, workmanship, economy of operation, and suitability for the purpose intended, shall be accepted.
- b) The bidder/offeror is responsible to clearly and specifically indicate the product being offered and to provide sufficient descriptive literature, catalogs and technical details to enable the Town of Vienna to determine if the product offered meets the requirements of the solicitation. This is required even if offering the exact brand, make or manufacturer specified. Normally in competitive sealed bidding only the information furnished with the bid will be considered in the evaluation. Failure to furnish adequate data for evaluation purposes may result in declaring a bid non-responsive. Unless the bidder/offeror clearly indicates in its bid/proposal that the product offered is an "EQUAL" product, such bid/proposal will be considered to offer the brand name product referenced in the solicitation.
- c) It shall be understood that the burden of proof for an "equal" product shall be and remain the sole responsibility of the bidder. The Town's decision of approval or disapproval of a proposed alternate shall be final. Nothing herein is intended to exclude any responsible bidder, its product or service or in any way restrain or restrict competition.

11. **SAMPLES:** Samples, if required, must be furnished free of expense to the Town of Vienna on or before date specified; if not destroyed in examination, they will be returned to bidder, if requested, at his expense. Each sample must be marked with the bidder's name and address, Town's request number and opening date. DO NOT ENCLOSE IN OR ATTACH BID TO SAMPLE.

12. **TRADE SECRETS/PROPRIETARY**

INFORMATION: Trade secrets or proprietary information submitted by an Offeror in response to this Request for Proposal shall not be subject to public disclosure under the Virginia Freedom of Information Act (FOIA); however, the Offeror must invoke the protection of this section prior to or upon submission of data or materials to be protected and state the reasons why protection is

necessary (Section 2.2-4342F of the Code of Virginia).

13. **DELIVERY:** Bids must show number of days required to place material in using agency's receiving area under normal conditions. Proposal must show the number of days required to provide the services/reports as specified.

Failure to state delivery time obligates bidder/offeror to complete delivery in fourteen (14) calendar days or as specified. A five (5) day difference in delivery promise may break a tie bid. An unrealistically short or long delivery promise may cause a bid/offer to be disregarded. Consistent failure to meet delivery promise without valid reason may cause removal from bid list. Delivery shall be made during normal working hours, 8:00 am to 4:30 pm Monday through Friday, unless prior approval for another time period has been obtained from Consignee.

14. **DEFAULT:** In case of failure to deliver goods/services in accordance with the contractual terms and conditions, the Town of Vienna, Virginia, after due oral or written notice, may procure them from other sources and hold the defaulting Contractor responsible for any resulting additional purchase and administrative costs. This remedy shall be in addition to any other remedies which the Town of Vienna may have.

15. **TOWN'S RIGHT TO TERMINATE THE CONTRACT:** The Contract may be terminated by the Town for any one of the following reasons:

- a) If the successful bidder should be adjudged bankrupt, or make a general assignment for the benefit of its creditors, or if a receiver should be appointed on account of the successful bidder's insolvency, or if the successful bidder should persistently or repeatedly refuse or should fail, except in cases for which extension of time is provided, to deliver the goods or services within the time specified, or if the bidder otherwise defaults, then the Town may without prejudice to any other right or remedy, and after giving the successful bidder seven (7) calendar days written notice, terminate the employment of the successful bidder and procure such goods or services from other sources. In such event, the successful bidder shall be liable to the Town for any additional cost occasioned by such failure or other default.
- b) In such cases, the successful bidder shall not be entitled to receive any further payment if the expense of finishing the contract requirements, including compensation for additional; managerial and administrative services shall exceed the unpaid balance of the contract price, the successful bidder shall pay the difference to the Town.
- c) If the successful bidder should fail to make prompt payment to Subcontractor(s) for material or labor, persistently disregards laws, ordinances or the instruction of the Town, or otherwise be in substantial violation of any provisions of the Contract;
- d) Failure of the Contractor to promptly make

- good any defects in materials or work or any defects of any other nature, the correction of which has been directed in writing by the Town;
- e) Substantial evidence of collusion for the purpose of illegally procuring a contract or perpetrating fraud on the Town in the construction of work under contract.
 - f) Prior to termination of the Contract, the successful bidder and his Surety shall be notified in writing by the Town of the condition which makes termination of contract imminent. Ten (10) days after this notice is given, if a satisfactory effort has not been made by the successful bidder or his Surety to correct the conditions, the Town may declare the Contract terminated and notify the successful bidder and his Surety accordingly.
 - g) Upon receipt of notice of contract termination, the successful bidder shall immediately discontinue all operations. The Town may then proceed with the work in any lawful manner that they may elect until the project is final and complete.
 - h) The Town reserves the right to take possession of the premises and of all materials, tools and appliances thereon and finish the work by whatever method is deemed expedient. In such case, the successful bidder shall not be entitled to receive any further payment. If the expense of finishing the work, including compensation for additional managerial and administrative services, shall exceed the unpaid balance of the contract price, the successful bidder shall pay the difference to the Town. The expense incurred by the Town as herein provided, and the damaged incurred through the Contractor's default, shall be certified by the Town.
 - i) Termination of the contract under this section is without prejudice to any rights or remedies of the Town.
 - j) The Town reserves the right to cancel and terminate any resulting contract, in whole or in part, without penalty, upon 60 days written notice to the Contractor/ Consultant. Any contract cancellation notice shall not relieve the Contractor/Consultant of the obligation to delivery and/or perform on all outstanding services performed prior to the effective date of cancellation.
 - k) Notwithstanding anything to the contrary contained in the contract between the Town and the successful bidder, the Town may, without prejudice to any other rights it may have, terminate the contract for convenience and with cause, by giving thirty (30) days written notice to the successful bidder.

The horizontal bar(s) shall indicate the start and finish dates as well as the total time period of performance for each pay item activity. The Contractor shall arrange the chart so as to show the pay item activities which are necessary to fulfill each and every Milestone and Completion Date requirement.
4. Each Work item on the bar chart shall be broken into reasonable work segments/activities (where practicable) with individual starting and stopping dates. As a minimum, work shall be segmented to demonstrate its relationship to the various Milestone Dates, if any. B. UPDATES AND REVISIONS

1. The chart shall be updated to show actual progress and the effect of modifications, delays and other events. To the extent any time extension requests are pending at the time of any update in the Construction Schedule, the "Requested Time Adjustment Schedule" shall be updated also each month, to reflect any adjustments made by Contractor in the Construction Schedule, or any time extensions previously granted by Owner, and to reflect actual or expected progress. Owner shall not have any obligation to consider any time extension request unless the requirements of the Contract Documents, and specifically, but not limited to these requirements, are complied with; and Owner shall not be responsible or liable to Contractor for any constructive acceleration due to failure of Owner to grant time extensions under the Contract Documents should Contractor fail to substantially comply with the submission requirements and the justification requirements of this Contract for time extension requests. Contractor's failure to perform in accordance with the Construction Schedule shall not be excused, nor be chargeable to Owner, because Contractor has submitted time extension requests or the "Requested Time Adjustment Schedule".
3. Neither the updating of Contractor's work schedule nor the submission, updating, change or revision of any other report or schedule submitted to Owner by Contractor under this Contract nor Owner's review or absence of objection regarding any such report or schedule shall have the effect of amending or modifying, in any way, the Contract Completion Date, Milestone Dates or of modifying or limiting in any way Contractor's obligations under this Contract.
