PAVEMENT MANAGEMENT PROGRAM UPDATE
SCOPE OF WORK**

SCOPE OF WORK

Introduction:

The City of Lynwood is seeking a qualified consultant to update the City's Pavement Management Program (PMP). The PMP shall comply with Metro Transportation Authority (MTA) guidelines.

Project Background:

The City's roadways consist of approximately 83.5 centerline miles (240 lane miles: arterials; 25, collectors; 148.2, residential; 69.4) of AC paved streets. The roadways are divided into three networks: Master Plan of Arterial Highways (MPAH), Local Street, and Alley.

- 12.5 center miles of MPAH arterial roadways,
- 36.3 center miles of collector roads, and
- 34.7 center miles of local residential roads.

The pavement conditions of the street network were last surveyed in 2010. The City wishes to resurvey all the roadways for the upcoming 2017 Pavement Management Program update, per the MTA guidelines.

Project Scope:

The proposal should include the following tasks and any additional tasks deemed necessary by the Consultant shall be clearly identified in the proposal:

Street Network

Task 1.1 - Management and Administration

The Consultant shall monitor project progress and maintain project files. Other responsibilities include supervising and reviewing the inspection process and pavement report for conformance with MTA guidelines. The Consultant shall meet with City staff to review schedule, budget, project documents, project goals, format of deliverables and clarify responsibility of each party.

Task 1.2 - Update Maintenance & Rehabilitation History

Review all maintenance and rehabilitation activities conducted by the City since the last PMP update. Update the City's database to include all street segments that have been rehabilitated since the last update. City staff does not have a current database for its streets. City staff has a hard copy of the last PMP updated in 2010, and is currently reaching out to that consultant to see if they still have an electronic version of their report. A list of streets improved since the last update will be finished.

Task 1.3 - Pavement Condition Surveys

Collect and record pavement distress data, as per ASTM D6433-11 and MTA guidelines. The City is considering two options for collecting the distress data:

First Option: The pavement distress data shall be collected by using **Mobile Imaging Vehicle**. A reasonable percentage of samples shall be conducted by the walking survey method to correlate the inspector analysis results for accuracy and quality control.

Second Option: The pavement distress data shall be collected by using the walking survey method; windshield surveys will not be accepted in lieu of walking surveys.

Input pavement distress data into the City's database and calculate Pavement Condition Index (PCI) for

each segment utilizing the latest version of PAVER 6.5, or **StreetSaver** software. The consultant shall keep a log of any discrepancies between the database information (i.e. Dimensions, surface type, etc.) And actual field conditions, and shall Coordinate with City staff to correct the database as necessary. Corrections/changes to the database shall not be made without prior City staff approval.

Task 1.4 - Database Verification & Organization

Create & verify database information against City's records to add, delete, and/or correct segments, as needed. Organize and re-label branches and segments in a more logical manner.

Task 1.5 - Budgetary Analysis

Forecast future PCI values for each segment and create MTA-required budget scenarios for each network utilizing the latest version of PAVER 6.5, or **StreetSaver** software. The consultant shall coordinate with City staff to develop a 7-year maintenance & rehabilitation strategy (including but not limited to selecting segments, treatment type, costs, and year of implementation).

Task 1.6 - Final Report

The consultant shall prepare a final Pavement Management Program report and any other required submittal items, as per MTA guidelines. The report shall include, without limitation, the methods, findings and recommendations of the consultant, which shall be presented in a single comprehensive document which, should include findings generated as part of other tasks described herein. Be available to present and answer questions from the City Council during a City Council meeting, and be available to answer questions resulting from the PMP submittal to Metro.

General Requirements:

- All work shall be performed in conformance with the City and MTA's policies, procedures, and standards.
- Inspectors must be qualified by MTA.

The documents furnished under the Agreement shall be of a quality acceptable to the City. The criteria for acceptance shall be a product of neat appearance, well organized, and technically and grammatically correct. The assumption of the number of review rounds is not allowed.
- The City has traditionally used paper distress forms but electronic data collection (using laptop/tablet computers) will be acceptable. The paper distress forms shall be submitted to the City for the City's records or the methodology for upload of electronic data collected shall be clearly defined and a method for data verification provided.

10. Financial Condition

Prior to entering into this Agreement, Consultant has submitted documentation acceptable to the City Manager, establishing that it is financially solvent, such that it can reasonably be expected to perform the services required by this Agreement. Within thirty (30) days of the first anniversary of the effective date of this Agreement, and each year thereafter throughout the term of this Agreement, Consultant shall submit such financial information as may be appropriate to establish to the satisfaction of the City Manager that Consultant is in at least as sound a financial position as was the case prior to entering into this Agreement. Financial information submitted to the City Manager shall be returned to Consultant after review and shall not be retained by City.

11. Non-Discrimination and Equal Employment Opportunity

- A. Consultant shall not discriminate as to race, color, creed, religion, sex, marital status, national origin, ancestry, age, physical or mental handicap, medical condition, or sexual orientation, in the performance of its services and duties pursuant to this Agreement, and will comply with all rules and regulations of City relating thereto. Such nondiscrimination shall include but not be limited to the following: employment, upgrading, demotion, transfers, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.
- B. Consultant will, in all solicitations or advertisements for employees placed by or on behalf of Consultant state either that it is an equal opportunity employer or that all qualified applicants will receive consideration for employment without regard to race, color, creed, religion, sex, marital status, national origin, ancestry, age, physical or mental handicap, medical condition, or sexual orientation.
- C. Consultant will cause the foregoing provisions to be inserted in all subcontracts for any work covered by this Agreement except contracts or subcontracts for standard commercial supplies or raw materials.

12. Assignment

Consultant shall not assign or transfer any interest in this Agreement nor the performance of any of Consultant's obligations hereunder, without the prior written consent of City, and any attempt by Consultant to so assign this Agreement or any rights, duties, or obligations arising hereunder shall be void and of no effect.

13. Performance Evaluation

For any Agreement in effect for twelve months or longer, a written annual administrative performance evaluation shall be required within ninety (90) days of the first anniversary of the effective date of this Agreement, and each year thereafter throughout the term of this Agreement. The work product required by this Agreement shall be utilized as the basis for review, and any comments or complaints received by City during the review period, either orally or in writing, shall be considered. City shall meet with Consultant prior to preparing the written report. If any noncompliance with the Agreement is found, City may direct Consultant to correct the inadequacies, or, in the alternative, may terminate this Agreement as provided herein.

14. Compliance with Laws

Consultant shall keep itself informed of State, Federal and Local laws, ordinances, codes and regulations which in any manner affect those employed by it or in any way affect the performance of its service pursuant to this Agreement. The Consultant shall at all times comply with such laws, ordinances, codes and regulations. The City, its officers and employees shall not be liable at law or in equity occasioned by failure of Consultant to comply with this Section.

15. Licenses

At all times during the term of this Agreement, Consultant shall have in full force and effect all licenses (including a City business license) required of it by law for performance of the services hereunder.

16. Non-Waiver of terms, Rights, and Remedies

Waiver by either party of any one or more of the conditions of performance under this Agreement shall not be a waiver of any other condition of performance under this Agreement. In no event shall the making by City of any payment to Consultant constitute or be construed as a waiver by City of any breach of covenant, or any default which may then exist on the part of Consultant, and the making of any such payment by City shall in no way impair or prejudice any right or remedy available to City with regard to such breach or default.

17. Attorney's Fees

In the event that either party to this Agreement shall commence any legal or equitable action or proceeding to enforce or interpret the provisions of this Agreement, the prevailing party in such action or proceeding shall be entitled to recover its costs of suit, including reasonable attorney's fees and costs, including costs of expert witnesses and consultants.

18. Notices

Any notices, bills, invoices, or reports required by this Agreement shall be deemed received on (a) the day of delivery if delivered by hand during Consultant's regular business hours or by facsimile before or during Consultant's regular business hours; or (b) on the third business day following deposit in the United States mail, postage prepaid, to the addresses heretofore set forth in the Agreement, or to such other addresses as the parties may, from time to time, designate in writing pursuant to the provisions of this section.

19. Governing Law

This Agreement shall be interpreted, construed and enforced in accordance with the laws of the State of California.

20. Counter Parts

This Agreement may be executed in any number of counterparts, each of which shall be deemed to be the original, and all of which together shall constitute one and the same instrument.

21. Severability

If any provision or any part of any provision of this Agreement is found to be invalid or unenforceable, the balance of this Agreement shall remain in full force and effect.

22. Entire Agreement

This Agreement, and any other documents incorporated herein by specific reference, represents the entire and integrated agreement between Consultant and City. This Agreement supersedes all prior oral or written negotiations, representations or agreements. This Agreement may not be amended, nor any provision or breach hereof waived, except in a writing signed by the Parties which expressly refers to this Agreement. Amendments on behalf of the City will only be valid if signed by the Mayor and attested by the City Clerk.

23. Authority

The person or persons executing this Agreement on behalf of Consultant warrants and represents that he/she has the authority to execute this Agreement on behalf of the Consultant and has the authority to bind Consultant to the performance of its obligations hereunder.
