

**BOARD OF COUNTY COMMISSIONERS
JACKSON COUNTY, FLORIDA**

Project # 1920-17

Spring Creek Boardwalk

ADDENDUM 1

Whenever there is a conflict between this addendum and the initial bid documents or plans, the addendum shall take precedence.

Questions & Answers

1. Which trees should be removed? **County staff will mark the trees we feel need to be removed with white paint. This can be seen by close of business March 25, 2020.**
2. What will the bid bond be? **5% over \$50,000.**
3. What should be replaced? **Any broken or damaged board/post. We do not want to reuse any material that has to be disassembled.**
4. Can mechanical splices be used on the broken posts? **No. We prefer to have the entire post replaced with a treated post that has a moisture barrier at the top to reduce water infiltration.**
