SCOPE OF PROJECT: The Jackson County Board of County Commissioners is seeking qualified vendors to respond to this request for proposals to provide Roadside Litter Removal services for 1,045 miles, more or less, of Jackson County road right-of-ways.

PROJECT SPECIFICATIONS:

FOR SPECIFICATIONS SEE ATTACHMENT INCLUDED IN THIS BID PACKET

PROJECT SPECIFICATIONS

A. DESCRIPTION

Provide pickup, removal, disposal of litter, and otherwise undesirable or objectionable appearing debris within the maintained limits of the roadway right-of-way over (+- 1045) miles. (Roadway List by District with approximate length in miles attached to Bid Proposal.) The list is broken down by District and roadways are in the order that they need to be picked up in each District. The actual mileage of the roadways is (+- 522) miles, and this number has been double to include both sides of the roadways.

Litter or debris may consist of varied sizes of bottles, cans, paper, tires, tire pieces, lumber, vehicle parts, metal junk, brush, and other items that cannot be traversed by Jackson County mowing equipment. It shall also be the successful bidder's responsibility to remove any item, such as bags of trash, newspapers, magazines, large boxes, etc., that has been or would be torn, ripped, scattered or further sub-divided by the mower that would result in an objectionable appearance.

B. QUANTITY AND FREQUENCY OF REMOVAL

The Public Transportation Director will determine when to begin each pickup. Areas or portions of areas may be increased or decreased, as determined by the Public Transportation Director. The total number and the timing of pickup will depend upon the litter conditions that exist. Areas specified as litter removal areas will be picked up once per month, for twelve months. The actual number of litter pickups maybe increased or decreased, as determined by the Public Transportation Director, due to the intensity of litter or special events.

Complete each litter removal cycle for all 5 Districts within 30 calendar days of beginning the cycle, weather permitting, as determined by the Public Transportation Director and in the order according to the roadway list attached to the bid proposal. Order of pickup can be adjusted by the Public Transportation Director to accommodate the Jackson County mowing crews. Jackson County currently has 8 tractors with batwing mowers that are mowing the (+- 1045) miles of right-of-way approximately every 30 days, weather permitting. Therefore, each litter removal cycle will need to be complete with 30 days as stated above.

C. EQUIPMENT

The successful bidder shall furnish equipment of a type and quantity to perform the work satisfactorily within the time specified herein. **A LIST OF EQUIPMENT SHALL BE PROVIDED WITH THIS BID.** All equipment shall be approved by the Public Transportation Director before it is placed in service and safety devices shall be properly maintained at all times that the equipment is in use. Should the Public Transportation Director determine that equipment is deficient in safety devices, the successful bidder shall remove the equipment from service immediately and until the deficiency is corrected to the satisfaction of the Public Transportation Director. However, this does not relieve the successful bidder of the responsibility to complete the mowing services.

Equipment that is utilized to transport litter will be constructed in a manner to preclude further distribution or loss of litter along the roadway. Cover and secure all open top carriers with tarpaulins.

Submit a written request for approval, to the Public Transportation Director, for the use of specialized equipment designed for mechanized removal of litter and debris. Demonstrate satisfactory results at no cost to the Department that the specialized equipment will produce quality litter removal, if deemed necessary by the Public Transportation Director. The Public Transportation Director may require additional safety devices or precautions unique to the equipment.

Equipment that damages curbs, pavement, or turf will not be allowed.

E. METHOD OF OPERATION (VERY IMPORTANT)

Prior to the start of work, successful bidder will submit a schedule based on the roadway list provided in the bid documents. On the initial cycle, Litter Removal shall commence at either or both extremities of the project and proceed continuously toward the opposite end in the order of the roadway list provided in this bid package. Subsequent cycles shall follow the pattern adopted for the first cycle unless the Public Transportation

Director specifically authorizes the successful bidder to change the pattern. Each cycle is to be completed in its entirety prior to beginning another cycle. When work by County Employees, or weather conditions of a temporary nature, prevent the successful bidder from working in an area, the Public Transportation Director may require the successful bidder to pick up these areas as part of the cycle without penalty for exceeding the time allowed or to pick up the blocked areas on the next cycle. No deduction will be made from the pay quantities for any one area unless it exceeds one (1) mile in extent. **LIST OF ROADWAYS ATTACHED TO THIS BID PACKAGE.**

F. MAINTENANCE OF TRAFFIC AND LIMITS OF OPERATIONS

The successful bidder shall provide Maintenance of Traffic in accordance with the current FDOT standards and will maintain safe conditions at all times. MOT signs and other materials shall be in good condition and meet the required retroreflectivity. Workmen will wear ANSI class 3 rated high visibility such as a vest, shirt, or jacket, when performing litter pickup operations.

Any equipment left on the right-of-way overnight will be parked outside the clear zone, except in median areas where no equipment will be permitted to be parked overnight. All service and supply operations will be conducted between the travel-way and the right-of-way line and be outside the clear zone. No supply vehicles will enter the median for any purpose. No service vehicle will enter the median except when necessary to repair or remove inoperable equipment.

No work will be permitted during non-daylight hours.

A. DISPOSAL OF LITTER AND DEBRIS

Provide locations for disposal and remove all litter that has been placed in trash bags for pick up from the right-of-way at the end of each working day. Be responsible for disposal of litter and debris and any cost that may incur in accordance with applicable Federal, State and Local Rules and Regulations. Storage or stockpiling of litter or debris on the right-of-way will not be permitted.

Provide the landfill receipts with each invoice submittal.

H. QUALITY

Completed areas will be reviewed for quality and acceptance by the Public Transportation Director. Areas determined to be unsatisfactory, by the Public Transportation Director, will be re-cleaned at no additional cost. Areas will be cleaned in a manner that they are left reasonably free of all litter and debris. The Public Transportation Director will not penalize for litter and debris that may have been deposited between the time the work was completed and the time when the Public Transportation Director approves the work. However, the Public Transportation Director's judgment when evaluating completed work will be final.

I. METHOD OF MEASUREMENT

The quantities to be paid for under this Section will be the number of miles of roadside cleaned and accepted. The mileage of each roadside will be based on the road list provided in the bid documents. This roadway list will be incorporated into the final contract when awarded.

J. BASIS OF PAYMENT

Payment will be full compensation for furnishing all equipment, materials, labor, disposal, and incidentals necessary to complete designated areas of litter and debris removal, less any areas omitted.

Payment will be made under the items specified in the Bid Price Proposal.

K. INSPECTION

The successful bidder shall consult with the Public Transportation Director for inspection and tentative approval of work quality being accomplished on a monthly basis or at the request of the Public Transportation Director. In the event of unsatisfactory work, the successful bidder shall pick up the area again without additional compensation, those areas so that the total cutting cycle may be completed in a satisfactory manner within the specified time.

L. PAYMENT BASIS

The quantities shown in the specifications shall be the pay quantities for miles of litter removal completed and accepted, provided that deductions shall be made for any areas omitted under these Conditions. Payment will be made to the successful bidder on a per cycle basis.

There will not be any fuel price adjustments for this contract.

M. PERFORMANCE BOND

In order to ensure the performance of the contractor the County shall require the successful contractor to provide a performance bond in the amount of 10% of the estimated value of the contract. The performance bond may be in the form of a cashier's check, letter of credit from a financial institution acceptable to the county, or a surety bond from a surety company authorized to do business in the State of Florida. The performance bond shall be submitted at the time of execution of the contract.

N. PROHIBITED

Without exception, there will be no work conducted on Sunday.

O. LENGTH OF CONTRACT

This contract will be for one (1) year.

P. LIABILITY INSURANCE REQUIREMENTS

The person/firm being awarded this contract shall supply the County with a current and in force liability insurance certificate in the minimum amount of One (1) million dollars liability coverage. This insurance shall be provided immediately upon signing the contract.

Q. REQUIREMENTS

All roadside litter removal must be accomplished in accordance with the specifications listed above. **The successful bidder MUST furnish a complete proposal of his plan for accomplishing the required work, including a schedule of work, list of equipment, and list of personnel which he plans to utilize. Supervision and personnel shall be competent for the particular type work being performed. The successful bidder shall be fully responsible for the performance of his organization and completion of all work under this contract as set forth in these Conditions and as directed by the Jackson County Public Transportation Director. The schedules submitted by the successful bidder and approved by the Public Transportation Director under these Conditions shall be used for determining delinquency in progress.**

2. I understand that a “public entity crime” as defined in Paragraph 287.133 (1)(g), Florida Statutes means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency of political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand “convicted” or “conviction” as defined in Paragraph 287.133 (a)(b), Florida Statutes, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court or record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

A person who knowingly enters a joint venture with a person who has been convicted of a public entity crime in Florida during the proceeding 36 months shall be considered an affiliate.

I UNDERSTAND THAT A “PERSON” AS DEFINED IN Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. _____ The entity submitting this SWORN statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity **HAS BEEN CHARGED WITH AND CONVICTED OF A PUBLIC ENTITY CRIME** subsequent to July 1, 1989.
